

Animal Ethics and Sustainability Leadership (AESL)

Effective September 1, 2024

Admission requirements: 60% average in 4.0 credits, 1.0 must be an essay designate.

Below is additional information about the AESL modular structure as a resource to complement the Western Calendar. The highlighted text are proposed additions and changes which must complete the required stages of approval pursuant to Western policy and governance. If/once they are approved, they will be reflected in the Western Calendar AESL module description, potentially as early as spring 2024.

A maximum of 1.0 credits can contribute to meeting the degree requirements of two different modules (i.e. “double count”).
