SMALL CLASS SIZES

THE HURON EXPERIENCE IS TRULY ONE-OF-A-KIND. WHILE MOST UNIVERSITIES TAKE IN THOUSANDS OF STUDENTS EVERY YEAR, HURON SELECTIVELY LIMITS OUR ANNUAL INCOMING COHORT TO APPROXIMATELY 500 STUDENTS. THAT MEANS:

- Our student to faculty ratio is only 20:1 – meaning your professors know your name and are personally invested in helping you achieve your goals
- With a total population of only 1,500 student, you'll get to interact and debate with your peers, learn through real-world capstone projects, and participate in learning experiences in Canada and around the world

Q: Why did you choose Psychology at Huron?

A: “The ability to do research first-year was a huge draw for me. Not a lot of universities allow that in your first year. We’re also able to choose the topic.”

Q: What do you love most about Huron?

A: “The ability to be able to form relationships with my profs. Coming from a small high school, this helped. It’s so easy to clarify any questions you may have. This is invaluable. There’s also a lot of group projects so you’re able to get to know your classmates well.”

Q: Why should others choose to study Psychology at Huron?

A: “The way the program is designed really allows you to understand the subject well. You actually engage with it, and not just through textbooks!”

Q: Why choose Huron?

A: “Huron places a lot of value on extra-curriculars. Also, the whole culture of care. Faculty and staff know you and they really do care. They want the best for you and want to make the four years the best and most beneficial they can be for you.”

Q: How would you sum up Psychology at Huron in three words?

A: “Engaging. Enriching. Fun.”

huronatwestern.ca/bmos

Q: Why did you choose BMOS at Huron?

A: “Before university I was planning on going into the sciences but, just before grade 12, I changed my mind. Some of my cousins had gone to Huron and said I should give it a look. After attending the Open House and talking to some of the BMOS students, I knew Huron and BMOS were my perfect fit. I have no regrets about my decision.”

Q: What are you loving the most?

A: “There’s so many streams and specializations. The courses are constantly evolving to take advantage of business trends. **The things they’re teaching have aligned with my marketing internships and I appreciate that.** Also, you build these long-term relationships. You see everyone grow and evolve together. I’ve met amazing people.”

Q: Why should others choose to study BMOS at Huron?

A: “Business is such a broad term that you can go down many avenues. Even if you’re unsure of a stream in first year, you will find your way. Your career development advisor will help you. There are so many routes and BMOS opens doors.”

Q: Why choose Huron?

A: “**There are so many opportunities I was promised and they are here in reality.** The career development, the writing centre, internship opportunities, the closeness between myself and my professors. Nothing that was promised wasn’t true.”

Q: How would you sum up BMOS at Huron in three words?

A: “Motivating. Empowering. Community.”

ETHAN KULBAK '22

Bachelor of Management and Organizational Studies, Specialization in Organizational Studies, Policy and Ethics
Mississauga, Ontario

Q: What was your experience like in Scotiabank CAP? What have you learned?

A: A great thing about the Scotiabank CAP program is it taught me to ask for help and support. My knowledge of working life was limited, so all the support I got with working on my resume, writing a cover letter or creating a career map **helped me determine my path and secure a position after graduation.**

Q: How will Scotiabank CAP help with your career aspirations?

A: Exposure and practice! **The program encouraged me to step out of my comfort zone and apply for opportunities I wouldn't normally pursue.** I also expanded my network, and got to showcase the skills I've learned, giving me the confidence to make my next move.

Q: What is a unique feature of the Scotiabank CAP program?

A: **It allowed me to surround myself with an ambitious, diverse and like-minded group of individuals at Huron and in the workforce,** where we learn from each other about professional and personal development.

Q: What are your plans after graduation?

A: I will be working at KPMG! My degree specialization is policy and ethics, and they valued my achievements and the soft skills I can bring to the role.

The reason they chose me was that I was able to communicate in a way that was more seasoned, or professional, making me more attractive than the other candidates. **The Scotiabank CAP program really supported me throughout the application and interview processes to make sure I was prepared and equipped for applying and eventually taking on this new role.**

I feel a deep sense of gratitude to the Scotiabank CAP program for the opportunities I received, to getting me where I am today and where I will be tomorrow!

Q: For someone considering the CAP program, what would you say to them?

A: Scotiabank CAP helps provide you with the focus and necessary skills that make you an asset as an employee and as a team member.

If you're unsure about the Scotiabank CAP program or what life after university looks like, take a chance and apply for the program. **Huron is a great place that offers so many opportunities for students, and this is one of them that you should not pass up.**

Huron's Career Development Centre also coordinates our mentorship program – something that's vital to helping students thrive. Through both Peer and Alumni Mentorship, students have access to classmates and professionals who can guide them through their academic and career journeys.

HOW IT WORKS

Peer Mentorship connects you with an upper-year student who will guide you through the transition into university life. From academic to professional success, you will always have someone in your corner to advise you on what to expect next.

Alumni Mentorship connects you with industry-leading professionals who were at Huron just a few years before you. These impressive alumni can provide insight and advice as you begin to look toward postgraduate opportunities.

Need a mentor? The Career Development Team connects students to peer and alumni mentors based on your interests and career aspirations.

REAL-WORLD CONNECTIONS

Katelyn's experience in Huron's Mentorship Program has allowed her to confirm her career interests and successfully enter the workforce. Through this experience, Katelyn learned the value of networking to foster professional growth and promote career development.

Her connection with her mentor even helped her land a summer internship at Harry Rosen.

"Huron's Mentorship Program provided me with a tailored match based on my career interests. By connecting with my mentor 1-2 times per month and regularly through email I gained an understanding of recruitment practices, successfully prepared for interviews, and learned more about career opportunities in the fashion industry, all while discussing our shared love for the Huron community."
