Through reasoning, and thinking more generally, we attempt to understand the past, anticipate the future, make rational decisions, and promote moral goods. But our thinking isn’t flawless; it is subject to all kinds of systematic errors. Even worse, we don’t often recognize when we’re in error, or how we got there. Consequently, our errors often go uncorrected, and our views about such important topics as politics, ethics, economics, health, and happiness are distorted. The good news is that our views are predictably distorted, and therefore subject to correction. We can learn how to recognize and mitigate the sources of our mistakes. This is critical thinking. In this course, you will learn about some of the biases, illusions, and weaknesses that afflict all human minds. These shortcomings affect how we evaluate arguments, reconstruct events, predict the future, make decisions, and moralize. Our principal aim will be to generate strategies for effectively minimizing the impact of these phenomena on our thinking, and the thinking of others, so that we are able to reach more accurate conclusions about the things that matter to us most.

**COURSE LEARNING OBJECTIVES**

On successful completion of this course, students will be able to:

1. Formulate, explain, and defend strategies for identifying and correcting some of the systematic errors in their thinking.

2. Distinguish the contexts in which they are liable to make cognitive errors from those in which their thinking is more reliable.

3. Manifest the knowledge and ability to use group deliberation to improve their thinking, and the thinking of the groups they’re in.

**CLASS METHODS**

Lectures will be highly interactive, and include PowerPoint slides, discussions, questions, and in class assignments. Lecture notes will not be made available to students outside of lecture under any circumstances. If you miss a class, you should ask a trustworthy peer for their lecture notes.

You are welcome to use a laptop to take notes in lecture, though evidence suggests that students who do so tend to do worse than students who take notes with pen and paper. However, if you use your laptop for social or entertainment purposes, you will be asked to leave the classroom and receive a grade of 0 on any assignment you miss. When you use your laptop for social or
entertainment purposes, you distract others, disrespect the class, and do yourself a disservice. It is unacceptable behavior and it will not be tolerated in this classroom.

Please do not take your phone out at any point during class. If you are caught looking at your phone during lecture, you will be asked to leave class and receive a grade of 0 on any assignment you miss. If there are extenuating circumstances that necessitate you checking your phone during class, please inform me before the beginning of class.

TEXT

There are no required readings for this course. A list of supplementary readings and videos is posted on OWL, under the ‘Further Learning’ tab. You are encouraged to engage these resources in an effort to deepen your understanding of the course material, and to get as much as possible out of the assignments.

METHODS OF EVALUATION

20% Participation questions (due in class)

Every lecture will include questions that you will be asked to answer in class. The purpose of these questions is to stimulate your interest and involvement in discussion, and to reveal some of the principles that govern the way you think. All questions must be completed in class, so it is important that you bring a pen and paper with you to every class. Answers submitted outside of class will not be accepted, and missed questions cannot be made up or accommodated for any reason.

50% Rules of critical thinking (4 submissions, each worth 12.5%, due one week after the conclusion of the relevant lecture)

You should come away from this course with a set of strategies for avoiding some of the systematic errors people commonly make when reasoning. To facilitate this end, you will be required to submit a set of critical thinking rules that accurately summarizes and expands on the material presented in any four of lectures #3-12. Each entry in this list must include: a rule that’s meant to help you and others think critically, an explanation of the rule, a rationale for the rule, and an example of how the rule is to be applied. These rules must be submitted within one week of the conclusion of the relevant lecture.

LATE PENALTY: the penalty for submitting these rules late is 5% per day, including weekends.

30% Critical thinking handbook (due December 8th)

In groups of 3-4, you will be required to compile a list of 12 critical thinking rules that do the best job of summarizing the most important and beneficial lessons of the entire course. Each group member will also be responsible for submitting a description of how the group decided on their rules, as well as the role that they themselves played in encouraging critical thinking within the group.

These handbooks must be submitted on December 8th. Late handbooks will not be accepted.
**TENTATIVE SCHEDULE**

<table>
<thead>
<tr>
<th>Week</th>
<th>Topic</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lecture 1</td>
<td>Introduction</td>
</tr>
<tr>
<td>Lecture 2</td>
<td>How We Think</td>

*Please note:* this is a provisional schedule: one or more lectures may need to be deleted due to time constraints or external circumstances; no new topics will be introduced.
Appendix to Course Outlines: Academic Policies & Regulations Fall/Winter 2022

**Pandemic Contingency**
Hurón will continue to follow the guidance of public health and government officials. It is anticipated that there will be no further disruptions to in-person instruction. This is subject to change.

**Student Code of Conduct**
Membership in the community of Hurón University College and Western University implies acceptance by every student of the principle of respect for the rights, responsibilities, dignity and well-being of others and a readiness to support an environment conducive to the intellectual and personal growth of all who study, work and live within it. Upon registration, students assume the responsibilities that such registration entails. While in the physical or online classroom, students are expected to behave in a manner that supports the learning environment of others. Please review the Student Code of Conduct at: https://huronatwestern.ca/sites/default/files/Res%20Life/Student%20Code%20of%20Conduct%20-%20Revised%20September%202019.pdf.

**Prerequisite and Antirequisite Information**
Students are responsible for ensuring that they have successfully completed all course prerequisites and that they have not completed any course antirequisites. Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

**Attendance Regulations for Examinations**
A student is entitled to be examined in courses in which registration is maintained, subject to the following limitations:

1) A student may be debarred from writing the final examination for failure to maintain satisfactory academic standing throughout the year.

2) Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course will be reported to the Dean of the Faculty offering the course (after due warning has been given). On the recommendation of the Department concerned, and with the permission of the Dean of that Faculty, the student will be debarred from taking the regular examination in the course. The Dean of the Faculty offering the course will communicate that decision to the Dean of the Faculty of registration.

Review the policy on Attendance Regulations for Examinations here: Academic Calendar - Western University (uwo.ca)
**Statement on Academic Offences**

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following website: [Academic Calendar - Western University (uwo.ca)](http://www.uwo.ca). The appeals process is also outlined in this policy as well as more generally at the following website: [https://www.uwo.ca/univsec/pdf/academic_policies/appeals/appealsundergrad.pdf](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/appealsundergrad.pdf).

**Turnitin.com**

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com ([http://www.turnitin.com](http://www.turnitin.com)).

**Statement on Use of Electronic Devices**

It is not appropriate to use electronic devices (such as, but not limited to, laptops, tablets, cell phones) in the classroom for non-classroom activities. Such activity is disruptive and distracting to other students and to the instructor, and can inhibit learning. Students are expected to respect the classroom environment and to refrain from inappropriate use of technology and other electronic devices in class.

**Statement on Use of Personal Response Systems (“Clickers”)**

Personal Response Systems (“clickers”) may be used in some classes. If clickers are to be used in a class, it is the responsibility of the student to ensure that the device is activated and functional. Students must see their instructor if they have any concerns about whether the clicker is malfunctioning. Students must use only their own clicker. If clicker records are used to compute a portion of the course grade:

- the use of somebody else’s clicker in class constitutes a scholastic offence
- the possession of a clicker belonging to another student will be interpreted as an attempt to commit a scholastic offence.

**Academic Consideration for Missed Work**

All students pursuing academic consideration, regardless of type, must contact their instructors no less than 24 hours following the end of the period of absence to clarify how they will be expected to fulfill the academic responsibilities missed during their absence. **Students are reminded that they should consider carefully the implications of postponing tests or midterm exams or delaying submission of work, and are encouraged to make appropriate decisions based on their specific circumstances.**

Students who have conditions for which academic accommodation is appropriate, such as disabilities or ongoing or chronic health conditions, should work with Accessible Education Services to determine appropriate forms of accommodation. Further details concerning policies and procedures may be found at: [http://academicsupport.uwo.ca](http://academicsupport.uwo.ca/).

**Policy on Academic Consideration for a Medical/ Non-Medical Absence**

(a) Consideration on *Medical Grounds* for assignments worth *less than 10% of final grade*: Consult Instructor Directly and Contact Academic Advising
When seeking consideration on **medical grounds** for assignments worth *less than 10%* of the final course grade, the student should contact the instructor directly. The student need only share broad outlines of the medical situation. The instructor **may** require the student to submit documentation to the academic advisors, in which case she or he will advise the student and inform the academic advisors to expect documentation. If documentation is requested, the student will need to complete and submit the [Student Medical Certificate](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf). The instructor may not collect medical documentation. The advisors will contact the instructor when the medical documentation is received, and will outline the severity and duration of the medical challenge as expressed on the Student Medical Certificate and in any other supporting documentation. The student will be informed that the instructor has been notified of the presence of medical documentation, and will be instructed to work as quickly as possible with the instructor on an agreement for accommodation.

**b) Medical Grounds for assignments worth 10% or more of final grade: Go Directly to Academic Advising**

University Senate policy, which can be found at [Academic Calendar - Western University (uwo.ca)](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf) requires that all student requests for accommodation on medical grounds for assignments worth 10% or more of the final grade be made directly to the academic advising office of the home faculty (for Huron students, the “home faculty” is Huron), with supporting documentation in the form (minimally) of the Senate-approved Student Medical Certificate found at: [https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf).

The documentation is submitted in confidence and will not be shown to instructors. The advisors will contact the instructor when the medical documentation is received, and will outline the severity and duration of the medical challenge as expressed on the Student Medical Certificate and in any other supporting documentation. The student will be informed that the instructor has been notified of the presence of medical documentation, and will be instructed to work as quickly as possible with the instructor on an agreement for accommodation. The instructor will not normally deny accommodation where appropriate medical documentation is in place and where the duration it describes aligns with the due date(s) of assignment(s). Before denying a request for accommodation on medical grounds, the instructor will consult with the Dean. The instructor’s decision is appealable to the Dean.

**c) Consideration on Non-Medical Grounds: Consult Huron Support Services/Academic Advising, or email huronsss@uwo.ca.**

Students seeking academic consideration for a **non-medical** absence (e.g. varsity sports, religious, compassionate, or bereavement) will be required to provide appropriate documentation. All consideration requests must include a completed [Consideration Request Form](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf). Late penalties may apply at the discretion of the instructor.

Please review the full policy on Academic Consideration for medical and non-medical absence at: [accommodation_medical.pdf (uwo.ca)](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf). Consult [Huron Academic Advising](huronsss@uwo.ca) for any further questions or information.

**Support Services**

For advice on course selections, degree requirements, and for assistance with requests for medical accommodation, students should email an Academic Advisor in Huron’s Student Support.
Services at
huronsss@uwo.ca. An outline of the range of services offered is found on the Huron website at: https://huronatwestern.ca/student-life/student-services/.

Department Chairs, Program Directors and Coordinators are also able to answer questions about individual programs. Contact information can be found on the Huron website at: https://huronatwestern.ca/contact/faculty-staff-directory/.

If you think that you are too far behind to catch up or that your workload is not manageable, you should consult your Academic Advisor. If you are considering reducing your workload by dropping one or more courses, this must be done by the appropriate deadlines. Please refer to the Advising website, https://huronatwestern.ca/student-life/student-services/academic-advising/ or review the list of official Sessional Dates on the Academic Calendar, available here: http://www.westerncalendar.uwo.ca/SessionalDates.cfm.

You should consult with the course instructor and the Academic Advisor who can help you consider alternatives to dropping one or more courses. Note that dropping a course may affect OSAP and/or Scholarship/Bursary eligibility.

**Wellness and Health Supports at Huron and Western**

University students may encounter setbacks from time to time that can impact academic performance. Huron offers a variety of services that are here to support your success and wellbeing. All Huron staff and faculty have received training on responding to disclosures of Gender-Based Sexual Violence (GBSV); students should know that the Community Safety Office is a resource for survivors, providing support and, if desired, guidance while referring them to the further supports that they may require. Please visit https://huronatwestern.ca/student-life-campus/student-services/wellness-safety for more information or contact staff directly:

Wellness Services: huronwellness@huron.uwo.ca
Community Safety Office: safety@huron.uwo.ca
Additional supports for Health and Wellness may be found and accessed at Western through, https://www.uwo.ca/health/.
