Subject Name Religious Studies 5224A: Sociology of Religion in Canada
Fall 2022

Religious Studies 5224A: Sociology of Religion in Canada
Thursdays, 6:00 to 8:30 (Sept. 15 to Dec. 8)
Delivery online via OWL/Zoom
Prerequisite: none

Instructor: Dr. Neil Elliot
Contact Information: nelliot@huron.uwo.ca
Office Location: Trail, BC ;-
Office Hours: By appointment - preferably on Fridays

Aims
To learn to observe and analyse our world, and specifically the religious world, as sociologists
To ground our learning in Canadian contexts and issues

Objectives
We will learn to use a range of sociological tools to analyse religious contexts, organisations and institutions
We will engage with the major topics and issues in Sociology of Religion
We will read, hear about, and question significant sociologists of religion
We will identify and apply sociological facts in religious contexts

Method
The course pedagogy will be based primarily on seminar, talking together, not lecture.
I will assume you do the limited and accessible reading identified. There will normally be 3 readings for each session. They will be based on the resources below and on articles I will provide. Please note there is preparatory reading for the first session.
You will be expected to do independent research for your presentations and essay.
The course will be collaborative not competitive - we learn best by engaging together.
We are all learners - including me.
The key question will always be "So What?"
On the menu each week will be:

- Learning the tools and data of the sociological trade
- Discussion on the main sociology of religion topic
- Seminars led by students on significant sociologists / Religious communities

I recognise that an evening course on zoom may be a challenge; I will do everything I can to make this lively and fun. Be aware that this is a new course and I am new to teaching at Huron, but I am a qualified adult educator as well as a priest and an academic. I am passionate and excited about this material and I hope to infect you with that passion.

**Resources**

**Essential course books**
(expect to read much of each of these through the course)

In Print ($70) or available as 6 month rental e-book for $50 through vitalsource.com

Available as free ebook through Huron library. This will give you a more in-depth and academic perspective on many of the issues we will cover.

**Sociology textbooks**
Available from the downloads section on OWL and originally from the open textbook library (open.umn.edu/opentextbooks)

*Sociology: understanding and changing the social world* (University of Minnesota, 2016)
W. Little, *Introduction to sociology: 2nd Canadian Edition* (Victoria, BC Campus, 2016)

**Other resources**
I will provide articles and book chapters as necessary through OWL. There will be links to these both in the downloads section and in the section for each week.
You are encouraged to use the OWL forum to share resources which you have found useful or interesting
I do not have physical access to the library, but it has a good selection of books and journals relevant to this course. I expect you to use, *and demonstrate use of*, the library unless this is not possible for you.

**Assessment (see below)**
1. Attendance and participation in sessions (10%)
2. Participation in online forum (10%)
3. Seminar on sociologist - notes plus presentation (10% + 10%)
4. Seminar on a Religious Community - notes plus presentation (10% +10%)
5. Essay - from main topic list or by negotiation (10%+30%)
Content
This list is indicative rather than definitive. We cannot cover everything that we would like to cover, and some subjects may need more time and attention. The course is an introduction to an academic field and a way of looking at the world.

Assessment

1. Attendance and participation in sessions (10%)
2. Participation in online forum (10%)
3. Seminar on sociologist - notes plus presentation (10% + 10%)
4. Seminar on a Religious Community - notes plus presentation (10% +10%)
5. Essay - from main topic list or by negotiation (10%+30%)

1. Attendance and participation (10% of final mark)
   You are expected to be present online for each session. That is how we will learn. We need each other’s insights and assistance. We need each other’s questions and comments. I need to know what you understand, and what you do not understand. This will aid your learning and our learning. If you are not able to be present, please let me know in advance.

2. Participation in online forum (10% of final mark)
   The OWL forum is a place to discuss and reflect on the week’s learning - both before and after the session. This may take the form of asking questions or answering questions. I will expect specific thoughts and feedback on each week’s sessions on the forum. This should be more substantive than “lovely sermon, vicar”. You are expected to participate regularly in the OWL forum.

3. Sociologist seminar (September 21 to October 26)
   Each student will write a resume and then present and lead a discussion on one of the sociologists named above. Allocation and delivery slot will be first-come, first-choice basis. The resume and the presentation should be submitted via OWL by noon on the day of your seminar.

   i) Create a 500 word/ two page resume for the sociologist (10% of final mark)
      • Dates
      • Publications,
      • Influences/ Context
      • Big Idea (s)
      • Biographic notes
      • Fun facts
      • Why is this person significant?

   ii) Present and lead a discussion on the sociologist’s “big idea” (10% of final mark). This should include a small number (3 or 4) of PowerPoint (or similar) slides. You should aim this seminar at your fellow learners who will be depending on your information and insights.

   Your resume should not just rely on Wikipedia, although I expect everyone to have read the relevant articles each week! You should show evidence of having read both the original work of the sociologist, and critiques of the sociologist. At least four academic references should be included.

4. Religious community seminar (November 9 to December 7)

   i) Write a 500 word/ two page analysis on a church, denomination or religion of your choice. (10% of final mark)
Again, we will co-ordinate these via OWL so we do not have repeat analyses. Delivery slot will be on first-come first-served basis. The analysis and the presentation should be submitted via OWL by noon on the day of your seminar.

You will analyse the community using appropriate sociological tools
Include:
- Significant cultural elements
- Context, Framing
- Formal power structures
- Membership criteria

ii) You will also present and lead a discussion on your analysis (10% of final mark). This should include a small number (3 or 4) of PowerPoint (or similar) slides. This seminar will be an important part of all of our learning.

5. Essay

For your essay you will reflect on how one of the main themes of sociology of religion impacts your personal context. The essay should not simply report, summarize, or review class materials, but demonstrate thoughtful reflection and analysis. This work will be in two parts, an essay proposal and a final essay.

i. Essay Proposal and Bibliography (10% of final mark) **(Deadline Nov 24th)**
   In preparation for your final paper, you will submit a 1-page essay proposal and bibliography. This assignment should only be 1 page! If it is much more than that, it is probably not done correctly.
   The Essay Proposal is a brief paragraph where you outline the topic you would like to explore in the final paper, and the approach you will take.
   The Bibliography is a list of at least 4 sources that you plan to use for the final paper. This can change later on, but for now these are the academic sources (normally books, e-books, or journal articles) most relevant to your chosen topic.

ii. Final Essay (30% of final mark) **(Deadline December 12th)**
   Your final essay will be between 2000 and 2500 (8-10 pages) plus the bibliography you actually use. In it you should describe the context and social facts you have chosen and use the sociological tools and sociology of religion theme to analyse that context. You should come to a clear “So what?”
   For example, you might look at the membership and attendance patterns of your local church; analyse how secularisation is affecting them; discuss how the secularisation thesis might apply; and suggest what action might be appropriate for that community.
   Papers should incorporate at least 6 scholarly sources, normally books or journal articles from the Huron library database. You may use course readings as sources and are encouraged to do so if appropriate.

All written work including slides should be submitted via OWL. Chicago referencing is expected.
Appendix to Course Outlines:
Faculty of Theology Academic Policies & Regulations 2022–2023

Prerequisite and Antirequisite Information
Students are responsible for ensuring that they have successfully completed all course prerequisites and that they have not completed any course antirequisites. Unless you have either the requisites for this course or written special permission from your Dean and the Instructor to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

Student Code of Conduct
Membership in the community of Huron University College and Western University implies acceptance by every student of the principle of respect for the rights, responsibilities, dignity and well-being of others and a readiness to support an environment conducive to the intellectual and personal growth of all who study, work, and live within it. Upon registration, students assume the responsibilities that such registration entails. While in the physical or online classroom, students are expected to behave in a manner that supports the learning environment of others. Please review the Student Code of Conduct at: https://huronatwestern.ca/sites/default/files/Res%20Life/Student%20Code%20of%20Conduct%20-%20Revised%20September%202019.pdf.

Attendance Regulations for Examinations
A student is entitled to be examined in courses in which registration is maintained, subject to the following limitations:
1) A student may be debarred from writing the final examination for failure to maintain satisfactory academic standing throughout the year.
2) Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course will be reported to the Dean of the Faculty offering the course (after due warning has been given). On the recommendation of the Department concerned, and with the permission of the Dean of that Faculty, the student will be debarred from taking the regular examination in the course. The Dean of the Faculty offering the course will communicate that decision to the Dean of the Faculty of registration.

Review the policy on Attendance Regulations for Examinations here: https://www.uwo.ca/univsec/pdf/academic_policies/exam/attendance.pdf.

Statement on Academic Offences
Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following website: https://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf. The appeals process is also outlined in this policy as well as more generally at the following website: https://www.uwo.ca/univsec/pdf/academic_policies/appeals/appealsundergrad.pdf.

Turnitin.com
All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (http://www.turnitin.com).

Statement on Use of Electronic Devices
It is not appropriate to use electronic devices (such as, but not limited to, laptops, cell phones) in the classroom for non-classroom activities. Such activity is disruptive and distracting to other students and to the instructor, and can inhibit learning. Students are expected to respect the classroom environment and to refrain from inappropriate use of technology and other electronic devices in class.

Statement on the Recording of Class Activities
Students may not record or distribute any class activity, including conversations during office hours, without written permission from the instructor, except as necessary as part of approved accommodations for students with disabilities. Any approved recordings may only be used for the student’s own private use.

**Statement on Use of Personal Response Systems (“Clickers”)**

Personal Response Systems (“clickers”) may be used in some classes. If clickers are to be used in a class, it is the responsibility of the student to ensure that the device is activated and functional. Students must see their instructor if they have any concerns about whether the clicker is malfunctioning. Students must use only their own clicker. If clicker records are used to compute a portion of the course grade:

- the use of somebody else’s clicker in class constitutes a scholastic offence
- the possession of a clicker belonging to another student will be interpreted as an attempt to commit a scholastic offence.

**Academic Consideration for Missed Work: Medical or Non-Medical Absences & Accommodation**

MDiv and MTS students who are seeking academic consideration for missed work during the semester must consult with the Dean’s Office. MDiv and MTS students are excluded from using the Self Reported Absence option as that is restricted to bachelor-level students. Students may request academic consideration on medical grounds by contacting the Dean of Theology office at srice@huron.uwo.ca. To protect student privacy, details of the medical accommodation need only be disclosed to the Dean, who will communicate to the instructor(s) the necessary accommodation. Instructors may not request medical or other documentation from students. The Dean may require medical or other documentation, and the student may be required to complete the Student Medical Certificate, available online at https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf. Following a determination of accommodation, the Dean will contact the instructor(s) and the student who will then arrange a new deadline for missed work.

Students seeking academic consideration for a non-medical absence (e.g. varsity sports, religious, compassionate, or bereavement) may be required to provide appropriate documentation to the Dean’s Office. All consideration requests must be directed to the Dean’s Office with notice also given to the instructor. All students pursuing academic consideration, regardless of type, must contact their instructors no less than 24 hours following the end of the period of absence to clarify how they will be expected to fulfill the academic responsibilities missed during their absence. Students are reminded that they should consider carefully the implications of postponing tests or midterm exams or delaying submission of work, and are encouraged to make appropriate decisions based on their specific circumstances.

Students who have conditions for which academic accommodation is appropriate, such as disabilities or ongoing or chronic health conditions, should work with Accessible Education Services to determine appropriate forms of accommodation. Further details concerning policies and procedures may be found at: http://academicsupport.uwo.ca/.

Please review the full policy on Academic Consideration for medical and non-medical absence at: https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_illness.pdf. Consult the Dean’s Office for any further questions or information.

**Support Services**

For advice on course selections, degree requirements, and for assistance with requests for medical accommodation (see above), students should contact Sandra Rice in the Dean’s Office at srice@huron.uwo.ca.

Your Faculty Advisor is also able to answer questions about your program and to assist with any concerns about academic matters. Contact them for a conversation whenever you need.

If you think that you are too far behind to catch up or that your workload is not manageable, you should consult with the Dean. If you are considering reducing your workload by dropping one or more courses, this must be done by the appropriate deadlines. Please review the list of official Sessional Dates on the Academic Calendar, available here: http://www.westerncalendar.uwo.ca/SessionalDates.cfm.

You should consult with your course instructor and the Dean, who can help you consider alternatives to dropping one or more courses. Note that dropping a course may affect your full-time status and therefore have implications for OSAP and/or Scholarship/Bursary eligibility.
