HURON GENDER-BASED SEXUAL VIOLENCE (GBSV)

TRAINING GUIDE 2023

Note: This guide is for all students who are **new to Huron as of September 2023** (including Transfer Students) and are not participating in International Welcome Week. This training is **mandatory** to be able to participate in Orientation Week. Information may be updated/subject to change as more information becomes available.

WHAT TO EXPECT

INTRODUCING THE UNDRESSING CONSENT MODULE

Scan the QR code or go to HuronU.ca/GBSV to view the GBSV video with steps to complete your program.

INFORMATION ABOUT THE TRAINING

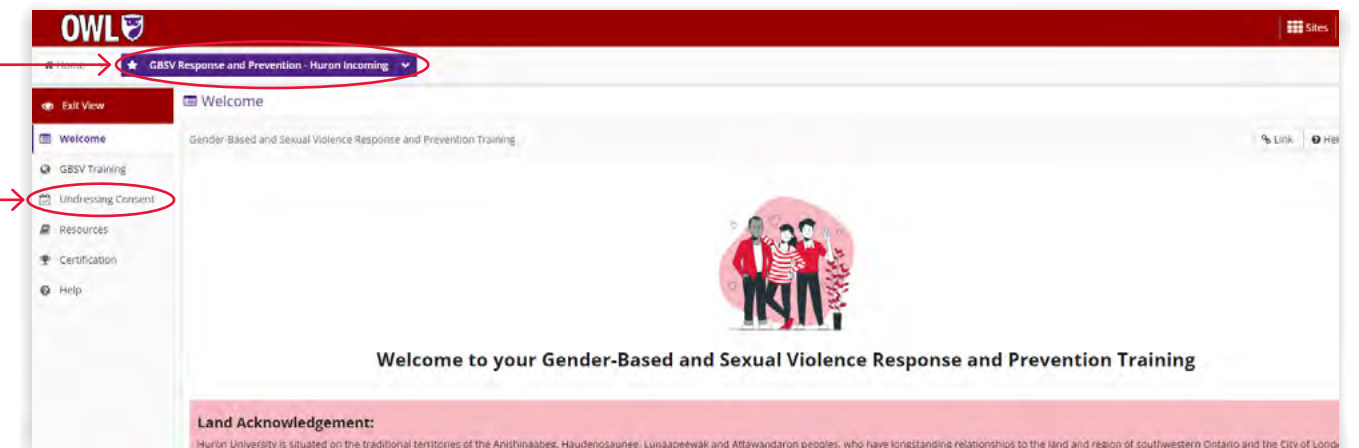

- This is a **90-minute module** split by gender identity (Men & Women/Non-Binary) that has a **set number of attendees/session** so be sure to **register and complete this ASAP**. Students who miss parts of the session will be considered incomplete and removed from the session.
- This is an interactive Zoom session, not a lecture! Please come **ready to participate**, however you will not be required to share anything you do not want to share.
- You will be asked to have your **camera on**. As much as is possible, please ensure you are in a private space, if not please use headphones.
- There will be people in the session with varying levels of experience and knowledge, but everyone can benefit from the training content. While the goal is to address gender-based sexual violence, parts of this training will look at factors that lead to violence and how to prevent it. These will sometimes have a lighter tone, but they are still serious and important preventative skills.
- You may experience some discomfort during this training because we will be discussing issues that are rooted in our beliefs and values, as well as topics that frequently go unspoken or are considered quite private in nature. Discomfort is not the same as being triggered. You can, of course, leave the Zoom session if you feel unable to continue. Please send a private message to the facilitator letting them know, and if you are triggered, support will be available.
