General Information:

- Confirm the time you have signed up for – all sessions are running in **Eastern Standard Time (EST)**.
- Arrive on time - if you are running late to a session or cannot log on you will be required to reschedule.
- Check your tech in advance - you must login to Zoom using your UWO Credentials or you will not be allowed into the session.
- Be prepared to participate. You will be asked to have your **camera on** for this training on zoom. As much as is possible please ensure you are in a private space.
- Be ready to participate in a **full 90-minute session**. Students who miss parts of the session will be considered incomplete.
- Complete the QR Code/Jotform that will be shared and validated for completion at the end of the training session.
- You may experience some discomfort during this training because we will be discussing issues that are rooted in our beliefs and values, as well as topics that frequently go unspoken or are considered quite private in nature. Discomfort is not the same as being triggered. You can, of course, leave the Zoom session, please send a private message to the facilitator letting them know, and if you are triggered, support will be available.
- You will not be required to share anything you do not want to share.
- There will be people in the room with varying levels of experience and knowledge, and everyone can benefit from the training content.
- While the goal is to address sexual violence, parts of this training will look at factors that lead to violence and how to prevent it. These will sometimes have a lighter tone, but they are still serious and important preventative skills.

How to find the Zoom Link:

- Once registered, the zoom link should have been emailed to your UWO account.

Zoom isn't letting me join:
