

THE UNIVERSITY OF WESTERN ONTARIO
Faculty of Arts and Social Science, Huron University College

ENVIRONMENTAL SCIENCE 1021G Section 550:
Environmental Science & Sustainability
Winter 2020

| | |
|------------------------------|--|
| Instructor: | Kelly Hollingshead Office: UCC 210 Phone: 519-661-2111 ext. 81151 E-mail: khollin2@uwo.ca |
| Grading Assistant: | TBA |
| Office Hours: | I am available by appointment Monday to Friday. To schedule an appointment, please email me from your UWO email address. |
| Lectures: | Tuesday 6:30-9:30 pm; Location HC-V214 |
| Course Prerequisites: | There are no prerequisites for this course. |

COURSE DESCRIPTION:

Every day the media reports on a large number of environmental issues, including the loss of insect pollinators, the development of oil pipelines, and the changing climate. This course is intended to give you the scientific background necessary to think critically about these issues. We will use readings from the textbook and from online news articles and additional sources to provide us with a basis of discussion in lectures.

COURSE LEARNING OBJECTIVES:

Upon successful completion of this course the student will be able to:

1. Make connections between humans, their behaviours, and environmental issues and solutions.
2. Recognize that environmental issues are multi-faceted and challenges are global.
3. Develop environmental literacy and critical thinking skills.
4. Learn to navigate various literature sources (TV, newspaper, journals, magazines, etc.) and evaluate environmental issues presented in them through well-formulated questions, information collection, and analysis.
5. Understand the scientific concepts behind environmental issues addressed in media, policy, legislation, and business decisions.
6. Use the skills developed in this class to make informed and well thought-out life choices regarding environmental issues.

CLASS FORMAT:

There will be breaks approximately every hour during the three-hour lecture. Some class time will be used as tutorial time to teach skills, work with the Library and Writing Centre, and to give you time to work on your group projects.

TEXTBOOK AND READINGS:

The textbook for the course is: Environmental Science for a Changing World (Canadian Edition) by Marnie Branfireun. It is available from the UWO Bookstore. Two copies are on reserve at the Huron Library and one copy is on reserve at the Taylor Library on main campus.

We will be using the textbook as well as online news articles throughout the semester to provide us with a starting point for our classroom discussions. Readings will be announced on the OWL course website and in class a week in advance. Students are expected to complete these readings and answer a short quiz on

the OWL website before class. More information on these quizzes is given below. It is not necessary to own a copy of the textbook, but I recommend that you take steps to ensure you can keep up with the readings.

ASSESSMENT:

| | |
|-----|---|
| 10% | Online quizzes (weekly) |
| 10% | Annotated bibliography for research paper (due February 4) |
| 20% | Final research paper individual component (due March 31) |
| 5% | Group component of research paper (submitted with research paper on March 31) |
| 5% | Participation on research paper (assigned by group members, by final exam) |
| 20% | Midterm (February 25 6:30-9:30pm in class) |
| 30% | Final exam (date TBD by Registrar's Office) |

ONLINE QUIZZES:

I will assign a short reading most weeks, from the textbook or an online article. After class, a short quiz consisting of two multiple choice questions will become available on OWL. This quiz will remain open until the beginning of class the following Tuesday. I will announce if there will not be a quiz for the following week.

FINAL GROUP PROJECT:

This is a mixed group/individual project. Most of the work will be done individually, but you will work in a group of three to put together a mini-magazine that discusses a common theme. Each magazine should have the following:

1. A cover page with a picture that highlights your theme, a title, and a list of the articles with the authors;
2. An unsigned 'editorial' written by the group which is one page in length. It should summarize the importance of the issue and explain how each article discusses the issue; and
3. Three articles, with each article written by a single member of the group.

You may choose to include additional elements such as a table of contents page, or page numbers on the cover page, if you think that these would help a reader navigate your magazine. The articles should be tied together by a common theme. For example, you might choose a theme of water quality. Each group member will write a different article related to the common theme of water quality (e.g., microplastics in the Great Lakes). The cover page could show an aerial view of the Great Lakes, and the editorial might bring up statistics that describe the type and amount of pollutants found within the Great Lakes watershed. Groups are encouraged to discuss their ideas with the instructor.

Working well as a group on the final project is worth 10% of your total mark for the course. 5% of that will be marks based on the quality of the cover page and the editorial. The remaining 5% is based on a participation mark assigned to you by your fellow group members.

ANNOTATED BIBLIOGRAPHY:

To ensure that you are on the right track with your final research project, you are expected to submit an Annotated Bibliography by February 4. You will submit this assignment individually, using the Assignments section on OWL. In an annotated bibliography, you are expected to give a short outline of your final paper, and include at least five references, of which a minimum of two should be primary articles and at least three should be books. With each of your references, you should give at least one piece of information that clearly shows how the article contributes to the point you are trying to make in your final paper.

Be sure to give the names of your two group members and mention the theme that your magazine will discuss. The annotated bibliography will be 1-2 pages long. The annotated bibliography should follow APA style guide.

FINAL RESEARCH PAPER:

The individual component of the group project will be an individually written article in the magazine and should be 6-8 double-spaced pages in length. The article should include a title, the name of the author, and a list of references. You may choose to include additional information such as graphs, tables, maps, or pictures that will not count towards your page allotment, but if you do include these items, make sure that you refer to them in the text and include a caption that makes it clear what each graph, table, map, or picture is showing. These additional elements may improve the readability, information level, or appearance of your article, but they are not required or expected.

REFERENCES:

It is important that you research your topics thoroughly and give credit to the original authors for their ideas. This means citing the author within the text when their idea is used, and again in the reference section at the end of the article. Citing well-established authors has the additional benefit of giving your article's message some additional credibility. References in your assignments should follow the APA style guide.

LATE ASSIGNMENTS:

Assignments are due at 11:59 pm on the due date. Assignments submitted after that time will be penalized 10% per day. You are encouraged to submit all assignments online through the OWL website so that they can be inspected with the plagiarism software and so that the exact time and date of submission is recorded.

MIDTERM:

The midterm is scheduled for February 25 at 6:30 pm in class, and is worth 20% of your final mark. The test will include multiple choice and written questions, and will draw on material up to and including February 4.

There will be no make-up tests for the missed mid-term examination. Failure to write the midterm exam will result in a grade of zero without proper documentation. A student who misses a test must provide documentation to the counseling office (not the professor) and if this documentation is accepted as a valid reason for missing a test then (and only then) the weight of the missed test will be reallocated to the final exam. This is the only method of accommodation for missed tests that will be used in this course. No make-up assignments will be given for missed quizzes.

FINAL EXAM:

The final exam will be scheduled by the Registrar's office for a date between April 6 and April 26, 2020. The final exam is worth 30% of your final mark. The exam will include multiple choice and written questions, and will draw on the material from the entire course, with an emphasis on material from the mid-term to the end of the course. Some questions may test your ability to integrate information from the first and second halves of the course. Further details will be posted on the OWL course website.

SCHEDULE: (Subject to change)

| Date | Lecture topic | Tutorial activity | Assignments due |
|-------------------|--|---|---|
| January 7, 2020 | Introduction and philosophy of the environment | Description of group assignment; team building activity | - |
| January 14, 2020 | Politics and environmental issues | Discussion on literature; find a group | Weekly quiz |
| January 21, 2020 | Food & Land I | Project management and productivity; meet with groups | Weekly quiz |
| January 28, 2020 | Food & Land II | Discussion on referencing and plagiarism; meet with groups | Weekly quiz |
| February 4, 2020 | Waste | Meet with groups | Weekly quiz Annotated Bibliography due (10%) |
| February 11, 2020 | Midterm Review + video | Structure of media writing; editorial writing; meet with groups | - |
| February 18, 2020 | READING WEEK – NO CLASS | - | - |
| February 25, 2020 | Midterm | - | Midterm test: In class (20%) |
| March 3, 2020 | Water I | Group work time on final project | Weekly quiz |
| March 10, 2020 | Water II | Group work time on final project | Weekly quiz |
| March 17, 2020 | Air Pollution | Group work time on final project | Weekly quiz |
| March 24, 2020 | Energy & Transportation | Guided peer review of final project | Weekly quiz |
| March 31, 2020 | Climate Change + Exam Review | - | Weekly quiz Final project due (20% individual component, 10% group component) |
| April exam period | - | Submit participation marks for your fellow group members on OWL by final exam | Final exam (30%) |

ASSESSIBILITY:

Please contact the course instructor if you require material in an alternate format or if you require any other arrangements to make this course more accessible to you. You may also wish to contact Student Accessibility Services at (519) 661-2147 for any specific questions regarding an accommodation.

SUPPORT SERVICES:

Learning-skills counsellors at the Student Development Centre (<http://www.sdc.uwo.ca>) are ready to help you improve your learning skills. They offer presentations on strategies for improving time management,

multiple-choice exam preparation/writing, textbook reading, and more. Individual support is offered throughout the Fall/Winter terms in the drop-in Learning Help Centre, and year-round through individual counselling.

Students who are in emotional/mental distress should refer to Health and Wellness through Student Experience (<https://www.uwo.ca/health/>) for a complete list of options about how to obtain support.

Additional student-run support services are offered by the USC (<http://westernusc.ca/>).

The website for Registrarial Services is <http://www.registrar.uwo.ca>.

PLAGIARISM:

Plagiarism is an academic offense and will be treated as such. Students who are in doubt as to the nature of this offence should consult their instructor, Department Chair, or Dean's Office, as well as the Huron University College Statement on Plagiarism, available at the Reference Desk in the Huron University College Library and at www.huronuc.on.ca. In addition, students may seek guidance from a variety of current style manuals available at the Reference Desk in the Huron University College Library. Information about these resources can be found at <https://huronuc.ca/library>

Plagiarism detection software may be used in this course. Students may be required to submit their work in electronic form.

ADDITIONAL POLICIES:

Prerequisite and Antirequisite Information

Students are responsible for ensuring that they have successfully completed all course prerequisites and that they have not completed any course antirequisites. Unless you have either the requisites for this course or written special permission from your Dean to enrol in it without them, you may be removed from this course and it will be deleted from your record. If you enrol in this course despite having already taken an antirequisite you may be removed from this course and it will be deleted from your record. Removals for these reasons may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites or for having already taken the antirequisites.

Conduct of Students in Classes, Lectures, and Seminars

Membership in the community of Huron University College and Western University implies acceptance by every student of the principle of respect for the rights, responsibilities, dignity and well-being of others and a readiness to support an environment conducive to the intellectual and personal growth of all who study, work and live within it. Upon registration, students assume the responsibilities that such

registration entails. The academic and social privileges granted to each student are conditional upon the fulfillment of these responsibilities.

In the classroom, students are expected to behave in a manner that supports the learning environment of others. Students can avoid any unnecessary disruption of the class by arriving in sufficient time to be seated and ready for the start of the class, by remaining silent while the professor is speaking or another student has the floor, and by taking care of personal needs prior to the start of class. If a student is late, or knows that he/she will have to leave class early, be courteous: sit in an aisle seat and enter and leave quietly.

Please see the Code of Student Conduct at:

www.huronuc.on.ca/sites/default/files/pdfs/Code%20of%20Student%20Conduct.pdf.

Technology

It is not appropriate to use technology (such as, but not limited to, laptops, cell phones) in the classroom for non-classroom activities. Such activity is disruptive and is distracting to other students and to the instructor, and can inhibit learning. Students are expected to respect the classroom environment and to refrain from inappropriate use of technology and other electronic devices in class.

Attendance Regulations for Examinations

A student is entitled to be examined in courses in which registration is maintained, subject to the following limitations:

- 1) A student may be debarred from writing the final examination for failure to maintain satisfactory academic standing throughout the year.
- 2) Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course will be reported to the Dean of the Faculty offering the course (after due warning has been given). On the recommendation of the Department concerned, and with the permission of the Dean of that Faculty, the student will be debarred from taking the regular examination in the course. The Dean of the Faculty offering the course will communicate that decision to the Dean of the Faculty of registration.

Please see the policy on Attendance Regulations for Examinations here:

https://www.uwo.ca/univsec/pdf/academic_policies/exam/attendance.pdf.

Short Absences: If you miss a class due to a minor illness or other problems, check your course outline for information regarding attendance requirements and make sure you are not missing a test or assignment. Cover any readings and arrange to borrow notes from a classmate. Contact the course instructor if you have any questions.

Extended Absences: If you have an extended absence, you should contact the course instructor and an Academic Advisor. Your course instructor and Academic Advisor can discuss ways for you to catch up on missed work and arrange academic accommodations, if appropriate and warranted.

It is important to note that the Academic Dean may refuse permission to write the final examination in a course if the student has failed to maintain satisfactory academic standing throughout the year or for too frequent absence from the class or laboratory.

Class Cancellations

In the event of a cancellation of class, every effort will be made to post all relevant information on the OWL class site at: <https://owl.uwo.ca/portal>, and on the Huron website at www.huronuc.on.ca/about/accessibility .

Academic Student Support Services

For advice on course selections, degree requirements, and for assistance with requests for medical accommodation, students should email an Academic Advisor in Huron's Student Support Services at huronsss@uwo.ca. An outline of the range of services offered is found on the Huron website at: <https://huronatwestern.ca/academic-advising> .

Department Chairs, Program Directors and Coordinators are also able to answer questions about individual programs. Their contact information can be found on the Huron website at: <https://huronatwestern.ca/student-life-campus/art-social-science> and at <https://huronatwestern.ca/student-life-campus/management-and-organizational-studies> .

Adding / Dropping Courses

If you think that you are too far behind to catch up or that your work load is not manageable, you should consult your Academic Advisor. If you consider reducing your workload by dropping one or more courses, this must be done by the appropriate deadlines. Please refer to the Huron website, <https://huronatwestern.ca/academic-advising> or review the list of official Sessional Dates on the Academic Calendar, available here: <http://www.westerncalendar.uwo.ca/SessionalDates.cfm>.

You should consult with the course instructor and the Academic Advisor who can help you consider alternatives to dropping one or more courses. Note that dropping a course may affect OSAP and/or Scholarship/Bursary eligibility.

Statement on Academic Integrity

The International Centre for Academic Integrity defines academic integrity as "a commitment, even in the face of adversity, to five fundamental values: honesty, trust, fairness, respect, and responsibility. From these values flow principles of behaviour that enable academic communities to translate ideals to action." (CAI Fundamental Values Project, 1999).

A lack of academic integrity is indicated by such behaviours as the following:

- Cheating on tests;
- Fraudulent submissions online;
- Plagiarism in papers submitted (including failure to cite and piecing together unattributed sources);
- Unauthorized resubmission of course work to a different course;
- Helping someone else cheat;
- Unauthorized collaboration;
- Fabrication of results or sources;
- Purchasing work and representing it as one's own.

Academic Integrity: Importance and Impact

Being at university means engaging with a variety of communities in the pursuit and sharing of knowledge and understanding in ways that are clear, respectful, efficient, and productive. University

communities have established norms of academic integrity to ensure responsible, honest, and ethical behavior in the academic work of the university, which is best done when sources of ideas are properly and fully acknowledged and when responsibility for ideas is fully and accurately represented.

In the academic sphere, unacknowledged use of another's work or ideas is not only an offence against the community of scholars and an obstacle to academic productivity. It may also be understood as fraud and may constitute an infringement of legal copyright.

A university is a place for fulfilling one's potential and challenging oneself, and this means rising to challenges rather than finding ways around them. The achievements in an individual's university studies can only be fairly evaluated quantitatively through true and honest representation of the actual learning done by the student. Equity in assessment for all students is ensured through fair representation of the efforts by each.

Acting with integrity at university constitutes a good set of practices for maintaining integrity in later life. Offences against academic integrity are therefore taken very seriously as part of the university's work in preparing students to serve, lead, and innovate in the world at large.

A university degree is a significant investment of an individual's, and the public's, time, energies, and resources in the future, and habits of academic integrity protect that investment by preserving the university's reputation and ensuring public confidence in higher education.

Students found guilty of plagiarism will suffer consequences ranging from a grade reduction to failure in the course to expulsion from the university. In addition, a formal letter documenting the offence will be filed in the Dean's Office, and this record of the offence will be retained in the Dean's Office for the duration of the student's academic career at Huron University College.

Statement on Academic Offences

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, as per the Academic Calendar: http://www.westerncalendar.uwo.ca/PolicyPages.cfm?PolicyCategoryID=1&Command=showCategory&SelectedCalendar=Live&ArchiveID=#SubHeading_189 .

Turnitin.com

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for a detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between Western University and Turnitin.com.

Computer-Marked Tests/exams

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

Clickers

Personal Response Systems ("clickers") may be used in some classes. If clickers are to be used in a class, it is the responsibility of the student to ensure that the device is activated and functional. Students must

see their instructor if they have any concerns about whether the clicker is malfunctioning. Students must use only their own clicker. If clicker records are used to compute a portion of the course grade:

- the use of somebody else's clicker in class constitutes a scholastic offence
- the possession of a clicker belonging to another student will be interpreted as an attempt to commit a scholastic offence.

Policy on "Special" Accommodation

Students who require **special** accommodation for tests and/or other course components must make the appropriate arrangements with the Student Development Centre (SDC). Further details concerning policies and procedures may be found at: <http://www.sdc.uwo.ca/ssd/index.html> .

Academic Consideration for Missed Work

Students who are seeking academic consideration for missed work during the semester may submit a self-reported absence form online provided that the absence is 48 hours or less and the other conditions specified in the Senate policy at

https://www.uwo.ca/univsec/pdf/academic_policies/appeals/Academic_Consideration_for_absences.pdf are met.

Students whose absences are expected to last longer than 48 hours, or where the other conditions detailed in the policy are not met (e.g., work is worth more than 30% of the final grade, the student has already used 2 self-reported absences, the absence is during the final exam period), may receive academic consideration by submitting a Student Medical Certificate (for illness) or other appropriate documentation (for compassionate grounds). The Student Medical Certificate is available online at https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf .

All students pursuing academic consideration, regardless of type, must contact their instructors no less than 24 hours following the end of the period of absence to clarify how they will be expected to fulfill the academic responsibilities missed during their absence. **Students are reminded that they should consider carefully the implications of postponing tests or midterm exams or delaying submission of work, and are encouraged to make appropriate decisions based on their specific circumstances.**

Students who have conditions for which academic accommodation is appropriate, such as disabilities or ongoing or chronic health conditions, should work with Accessible Education Services to determine appropriate forms of accommodation.

Requests for Academic Consideration Using the Self-Reported Absence Form

Students who experience an unexpected illness or injury or an extenuating circumstance (48 hours or less) that is sufficiently severe to temporarily render them unable to meet academic requirements (e.g., attending lectures or labs, writing tests or midterm exams, completing and submitting assignments, participating in presentations) should self-declare using the online Self-Reported Absence portal. This option should be used in situations where the student expects to resume academic responsibilities within 48 hours or less.

The following conditions are in place for self-reporting of medical or extenuating circumstances:

- a. students will be allowed **a maximum of two self-reported absences** between September and April and one self-reported absence between May and August;

- b.** any absences in excess of the number designated in clause a above, regardless of duration, will require students to present a **Student Medical Certificate (SMC)**, signed by a licensed medical or mental health practitioner, detailing the duration and severity of illness, or appropriate documentation supporting extenuating circumstances to the Academic Counselling unit in their Faculty of registration no later than two business days after the date specified for resuming responsibilities. Please see section 4 below for more details.
- c.** The duration of the excused absence will be for a maximum of 48 hours from the time the Self-Reported Absence form is completed through the online portal, or from 8:30 am the following morning if the form is submitted after 4:30 pm;
- d.** The duration of the excused absence will terminate prior to the end of the 48 hour period should the student undertake significant academic responsibilities (write a test, submit a paper) during that time;
- e.** The duration of an excused absence will terminate at 8:30 am on the day following the last day of classes each semester regardless of how many days of absence have elapsed;
- f.** Self-reported absences will not be allowed for scheduled final examinations; for midterm examinations scheduled during the December examination period; or for final lab examinations scheduled during the final week of term;
- g.** Self-reporting **may not be used** for assessments (e.g. midterm exams, tests, reports, presentations, or essays) worth more than 30% of any given course.
- h.** students must be in touch with their instructors **no later than 24 hours after the end of the period covered by the Self-Reported Absence form**, to clarify how they will be expected to fulfil the academic expectations they may have missed during the absence.

**Policy on “Academic” Accommodation - Medical / Non-Medical Grounds
(if absence is not self-reported)**

- (a) **Medical Grounds** for assignments worth 10% or more of final grade: Go directly to Huron Support Services/ Academic Advising, or email huronsss@uwo.ca .

University Senate policy, which can be found at,

https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_medical.pdf , requires that all student requests for accommodation on medical grounds for assignments worth 10% or more of the final grade be made directly to the academic advising office of the home faculty (for Huron students, the “home faculty” is Huron), with supporting documentation in the form (minimally) of the Senate-approved Student Medical Certificate found at:

https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf .

The documentation is submitted in confidence and will not be shown to instructors. The advisors will contact the instructor when the medical documentation is received, and will outline the severity and duration of the medical challenge as expressed on the Student Medical Certificate and in any other supporting documentation. The student will be informed that the instructor has been notified of the presence of medical documentation, and will be instructed to work as quickly as possible with the instructor on an agreement for accommodation.

The instructor will not normally deny accommodation where appropriate medical documentation is in place and where the duration it describes aligns with the due date(s) of assignment(s). Before denying a request for accommodation on medical grounds, the instructor will consult with the Dean. The instructor's decision is appealable to the Dean.

(b) Accommodation on Medical Grounds for assignments worth *less than 10%* of final grade: Consult Instructor Directly

When seeking accommodation on medical grounds for assignments worth less than 10% of the final course grade, the student should contact the instructor directly. The student need only share broad outlines of the medical situation. The instructor **may** require the student to submit documentation to the academic advisors, in which case she or he will advise the student and inform the academic advisors to expect documentation. The instructor may not collect medical documentation. The advisors will contact the instructor when the medical documentation is received, and will outline the severity and duration of the medical challenge as expressed on the Student Medical Certificate and in any other supporting documentation. The student will be informed that the instructor has been notified of the presence of medical documentation, and will be instructed to work as quickly as possible with the instructor on an agreement for accommodation.

The instructor will not normally deny accommodation where appropriate medical documentation is in place and where the duration it describes aligns with the due date(s) of assignment(s). Before denying a request for accommodation on medical grounds, the instructor will consult with the Dean. The instructor's decision is appealable to the Dean.

(c) Non-Medical Grounds: Consult your Instructor directly.

Where the grounds for seeking accommodation are not medical, the student should contact the instructor directly. Late penalties may apply at the discretion of the instructor. Apart from the exception noted below, academic advisors will not be involved in the process of accommodation for non-medical reasons.

Where a student seeks accommodation on non-medical grounds where confidentiality is a concern, the student should approach an academic advisor with any documentation available. The advisors will contact the instructor after the student's request is received, and will outline the severity and duration of the challenge without breaching confidence. The student will be informed that the instructor has been notified that significant circumstances are affecting or have affected the student's ability to complete work, and the student will be instructed to work as quickly as possible with the instructor on an agreement for accommodation. Before denying a request for accommodation where documentation has been submitted to an academic advisor, the instructor will consult with the Dean. The instructor's decision is appealable to the Dean.

Mental Health & Wellness Support at Huron and at Western

Students who are stressed, emotionally distressed or in mental health crisis, please refer to: <https://huronatwestern.ca/student-life-campus/student-services/wellness-safety> for a complete list of options about how to obtain help, or email Huronwellness@huron.uwo.ca to access your wellness staff directly.

Additional supports for Health and Wellness may be found and accessed at Western through, www.uwo.ca/uwocom/mentalhealth/.

The Student Emergency Response Team (SERT) provides medical response to 9-1-1 calls on Main, Brescia and Huron campuses which operates 24 hours a day, 7 days a week during the academic year.

SERT is dispatched through the campus community Police Service (CCPS) to any medical emergency on campus at (519) 661-3300. For more information about SERT please visit: sert.uwo.ca/about-sert/about-sert/.

Important Dates and Directory at Huron and Western

For a current and up-to-date list of important dates and campus directories, please visit:
