

**Huron University
Department of Psychology**

**Psychology 2221A – Introduction to the Biological Basis of Behaviour
Fall 2021**

1.0. BASIC COURSE INFORMATION

1.1 Course Number:

Psychology 2221A

1.2 Course Name:

Introduction to the Biological Basis of Behavior

1.3 Scheduled class times and location:

- Fridays from 8:30 am - 11:30 1m E.S.T. (London, Ontario time) Classroom W106
- International students that are learning from abroad will be able to access recorded lectures.

1.4 Pre/Anti-requisite information:

Antirequisite(s): Neuroscience 2000 and Psychology 2220A/B

Prerequisite(s): At least 60% in a 1000 level Psychology course.

Extra Information: 0.5 course.

1.5 Instructor Name:

Dr. Derek Quinlan

1.6 Instructor contact information:

Email: dquinla4@uwo.ca

1.7 Office hours:

To be announced.

2.0. COURSE DESCRIPTION

An introduction to the principles of evolutionary biology, genetics, and physiology in relation to behaviour. This course is intended as an introduction to the biological basis of behaviour for students who do not have a background in biology.

Extra Information: 3 lecture hours, 0.5 course.

Note: Effective 1991, Psychology 2221A/B at Brescia or Main Campus no longer serves as a prerequisite for Psychology 3285F/G on Main Campus. Students wishing to take Psychology 3285F/G are advised to take Psychology 2220A/B on Main Campus. (Brescia, Huron, King's)

Note 1: **Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.**

3.0 COURSE LEARNING OUTCOMES

This course will address the structure and function of the nervous system and how it controls behaviour. The course will begin with foundational material, including evolutionary principles, neural function, neuroanatomy, and neuroscience methods. Subsequently, we will examine specific neural systems, additional principles and effects of neural dysfunction. Although the course will require some memorization of information, there will be an emphasis on learning general principles of biopsychology, applying them to new situations, and thinking logically and critically about biopsychological problems.

By the end of this course, students should have:

- Have an extensive vocabulary relating to the physiology of psychology
- Have an understanding of the biological underpinnings of human/mammalian behaviour
- Knowledge of the research paradigms that inform our understanding in this area

3.1 DESCRIPTION OF CLASS METHODS

This is a lecture-based course which will cover the basic physiological processes of human behaviour. There will be three lecture hours per session (i.e. 3 hours on Fridays). Tests will assess students' basic conceptual knowledge of both lecture and textbook material.

4.0 TEXTBOOKS AND OTHER REQUIRED RESOURCES

Biopsychology by Pinel & Barnes (Allyn & Bacon)
10th or 11th edition

NOTE: Older editions may have different content and page numbers. It is highly recommended that you use the current edition, but if you choose not to, it will be at your own risk.

5.0 METHOD OF EVALUATION/ASSESSMENT

5.1. Summary of Dates and Weights

EXAMINATION	DATE	WEIGHT
Exam #1	Oct. 1 st	25%
Exam #2	Oct. 29 th	35%
Final Exam	During December Exam Period	40%

**Students at Huron University College should consider a grade in the range from 70-74% to be evidence of satisfactory performance in a 2100-level Psychology course. Grades in the B+ (75-79) or A (80-89%) ranges will only be awarded for performance that is demonstrably superior to the second-year standard associated with the Major or Minor modules. A grade of A+ (90-100%) will only be awarded very rarely and only for work that is truly exceptional.

5.2. Exams

There are three, 3-hour term tests (exams), which when combined, determine 100% of the final grade in the course. All exams will be written in-person, unless otherwise notified. International students that are studying abroad will be notified via email as to how to proceed with examinations.

Exams are non-cumulative and each test covers approximately one third of the course material. Exams will be composed of multiple-choice, fill-in-the-blank, diagram, brief-answer and 1-page “essay-style” questions based on the textbook readings and lecture materials/discussions. Following the failure of a student to write an exam and acting on advice from the Academic Advising Office to provide relief (based on medical and/or non-medical grounds), we will allocate the weight devoted to that exam equally to the remaining exams. Otherwise the grade recorded will be zero. Documentation for missed term tests must be submitted to the Academic Advising Office in a timely manner. The grades for midterm exams will be posted on owl.uwo.ca. Students may review their exams with their professor during office hours. All exam materials will be retained by the Psychology Department.

7.0 TENTATIVE SCHEDULE OF CLASSES, INCLUDING REQUIRED READINGS

<u>Month</u>	<u>Date</u>	<u>Lecture/Readings</u>	<u>Note</u>
Sept.	10	Ch. 1	
	17	Ch. 2	
	24	Ch. 3	
Oct.	1	Exam 1	Ch's 1 - 3
	8	Ch. 4	
	15	Ch. 5	
	22	Ch. 6	
	29	Exam 2	Ch's 4 - 6
Nov.	5	Reading Week	No Lecture
	12	Ch. 7	
	19	Ch. 8	
	26	Ch. 10	
Dec.	3	Ch. 16	
	10th-21st	Final Exam	Ch's 7 - 16

Appendix to Course Outlines: Academic Policies & Regulations 2021 - 2022

Prerequisite and Antirequisite Information

Students are responsible for ensuring that they have successfully completed all course prerequisites and that they have not completed any course antirequisites. Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you may be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

Pandemic Contingency

In the event of a COVID-19 resurgence during the course that necessitates the course delivery moving away from face-to-face interaction, all remaining course content will be delivered entirely online, typically using a combination of synchronous instruction (i.e., at the times indicated in the timetable) and asynchronous material (e.g., posted on OWL for students to view at their convenience). Any remaining assessments will also be conducted online at the discretion of the course instructor. In the unlikely event that changes to the grading scheme are necessary, these changes will be clearly communicated as soon as possible.

Student Code of Conduct

Membership in the community of Huron University College and Western University implies acceptance by every student of the principle of respect for the rights, responsibilities, dignity and well-being of others and a readiness to support an environment conducive to the intellectual and personal growth of all who study, work and live within it. Upon registration, students assume the responsibilities that such registration entails. While in the physical or online classroom, students are expected to behave in a manner that supports the learning environment of others. Please review the Student Code of Conduct at: <https://huronatwestern.ca/sites/default/files/Res%20Life/Student%20Code%20of%20Conduct%20-%20Revised%20September%202019.pdf>.

Attendance Regulations for Examinations

A student is entitled to be examined in courses in which registration is maintained, subject to the following limitations:

- 1) A student may be debarred from writing the final examination for failure to maintain satisfactory academic standing throughout the year.

- 2) Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course will be reported to the Dean of the Faculty offering the course (after due warning has been given). On the recommendation of the Department concerned, and with the permission of the Dean of that Faculty, the student will be debarred from taking the regular examination in the course. The Dean of the Faculty offering the course will communicate that decision to the Dean of the Faculty of registration.

Review the policy on Attendance Regulations for Examinations here:

https://www.uwo.ca/univsec/pdf/academic_policies/exam/attendance.pdf.

Statement on Academic Offences

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at the following website:

https://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf. The

appeals process is also outlined in this policy as well as more generally at the following website:

https://www.uwo.ca/univsec/pdf/academic_policies/appeals/appealsundergrad.pdf.

Turnitin.com

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (<http://www.turnitin.com>).

Statement on Use of Electronic Devices

It is not appropriate to use electronic devices (such as, but not limited to, laptops, cell phones) in the classroom for non-classroom activities. Such activity is disruptive and distracting to other students and to the instructor, and can inhibit learning. Students are expected to respect the classroom environment and to refrain from inappropriate use of technology and other electronic devices in class.

Statement on Use of Personal Response Systems (“Clickers”)

Personal Response Systems (“clickers”) may be used in some classes. If clickers are to be used in a class, it is the responsibility of the student to ensure that the device is activated and functional. Students must see their instructor if they have any concerns about whether the clicker is malfunctioning. Students must use only their own clicker. If clicker records are used to compute a portion of the course grade:

- the use of somebody else’s clicker in class constitutes a scholastic offence
- the possession of a clicker belonging to another student will be interpreted as an attempt to commit a scholastic offence.

Academic Consideration for Missed Work

Students who are seeking academic consideration for missed work during the semester may submit a self-reported absence form online provided that the absence is **48 hours or less** and the other conditions

specified in the Senate policy at https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_illness.pdf are met.

Students whose absences are expected to last **longer than 48 hours**, or where the other conditions detailed in the policy are not met (e.g., work is worth more than 30% of the final grade, the student has already used 2 self-reported absences, the absence is during the final exam period), may receive academic consideration by submitting a Student Medical Certificate (for illness) or other appropriate documentation (for compassionate grounds). The Student Medical Certificate is available online at https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf.

All students pursuing academic consideration, regardless of type, must contact their instructors no less than 24 hours following the end of the period of absence to clarify how they will be expected to fulfill the academic responsibilities missed during their absence. **Students are reminded that they should consider carefully the implications of postponing tests or midterm exams or delaying submission of work, and are encouraged to make appropriate decisions based on their specific circumstances.**

Students who have conditions for which academic accommodation is appropriate, such as disabilities or ongoing or chronic health conditions, should work with Accessible Education Services to determine appropriate forms of accommodation. Further details concerning policies and procedures may be found at: <http://academicsupport.uwo.ca/>.

Policy on Academic Consideration for a Medical/ Non-Medical Absence

(a) Consideration on Medical Grounds for assignments worth *less than 10%* of final grade: Consult Instructor Directly and Contact Academic Advising

When seeking consideration on **medical grounds** for assignments worth *less than 10%* of the final course grade, and if the student has exceeded the maximum number of permissible Self-Reported absences, the student should contact the instructor directly. The student need only share broad outlines of the medical situation. The instructor **may** require the student to submit documentation to the academic advisors, in which case she or he will advise the student and inform the academic advisors to expect documentation. If documentation is requested, the student will need to complete and submit the [Student Medical Certificate](#). The instructor may **not** collect medical documentation. The advisors will contact the instructor when the medical documentation is received, and will outline the severity and duration of the medical challenge as expressed on the Student Medical Certificate and in any other supporting documentation. The student will be informed that the instructor has been notified of the presence of medical documentation, and will be instructed to work as quickly as possible with the instructor on an agreement for accommodation.

(b) Consideration on Non-Medical Grounds: Consult Huron Support Services/Academic Advising, or email huronsss@uwo.ca.

Students seeking academic consideration for a **non-medical** absence (e.g. varsity sports, religious, compassionate, or bereavement) will be required to provide appropriate documentation where the conditions for a Self-Reported Absence have not been met, including where the student has exceeded the maximum number of permissible Self-Reported. All consideration requests must include a completed [Consideration Request Form](#). Late penalties may apply at the discretion of the instructor.

Please review the full policy on Academic Consideration for medical and non-medical absence at: https://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_illness.pdf. Consult [Huron Academic Advising](#) at huronsss@uwo.ca for any further questions or information.

Support Services

For advice on course selections, degree requirements, and for assistance with requests for medical accommodation, students should email an Academic Advisor in Huron's Student Support Services at huronsss@uwo.ca. An outline of the range of services offered is found on the Huron website at: <https://huronatwestern.ca/student-life/student-services/>.

Department Chairs, Program Directors and Coordinators are also able to answer questions about individual programs. Contact information can be found on the Huron website at: <https://huronatwestern.ca/contact/faculty-staff-directory/>.

If you think that you are too far behind to catch up or that your workload is not manageable, you should consult your Academic Advisor. If you are considering reducing your workload by dropping one or more courses, this must be done by the appropriate deadlines. Please refer to the Advising website, <https://huronatwestern.ca/student-life/student-services/academic-advising/> or review the list of official Sessional Dates on the Academic Calendar, available here: <http://www.westerncalendar.uwo.ca/SessionalDates.cfm>.

You should consult with the course instructor and the Academic Advisor who can help you consider alternatives to dropping one or more courses. Note that dropping a course may affect OSAP and/or Scholarship/Bursary eligibility.
