Description:

This class is organized around two questions:

Q1. What makes a morally “right” action right?
Q2: What makes a “good” life good?

In response to the first question, Unit 1 contrasts three ‘master traditions’ in moral philosophy, viz., RIGHTS-BASED, NATURAL LAW and WELFARE traditions and applies them to number of controversies—concerning, for example, our obligations in connection with the poor, PVS patients and non-human animals. Unit II surveys some recent criticisms of these traditions, including FEMINIST ETHICS and VIRTUE ETHICS (which made a comeback). Unit III discusses several theories of well-being, in response to the Q2, against the backdrop of the problems of suffering and death.

N.B: as this is an introductory course, no formal background in ethics and/or value theory is expected or presupposed.

Prerequisite(s): None
Anti-requisite(s): None

Methods:

Teaching methods include lectures, dialogues, workshops, videos and discussion.

Outcomes:

By the time we are finished, students will

1. be familiar with some of the major figures, traditions, controversies and problems in classical and contemporary ethics and value theory (KNOWLEDGE);
2. have presented and defended their own views in relation to one of those controversies (PERSONAL DEVELOPMENT);
3. have cultivated intellectual virtues pertaining to argumentation, dialogue, interpretation research and clear writing (to help with outcomes 1 and 2) (SKILLS).

Readings:

Readings, along with a reading schedule, will be made available via OWL.
Requirements and Values:

<table>
<thead>
<tr>
<th>Requirement</th>
<th>Percentage</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>Attendance /Participation</td>
<td>20%</td>
<td>A successful participation grade encompasses more, though no less, than reliable class attendance. It also requires joining the conversation. Whether this occurs during ordinary lectures, workshops, or tutorials, where I may distribute questions unannounced, doing this well requires knowing and thoughtfully engaging the assigned readings. Please see my attendance and electronic devices policies below (pp. 3-4).</td>
</tr>
<tr>
<td>Classroom Dialogue</td>
<td>5%</td>
<td>We will have a class dialogue on January 15, 2020.</td>
</tr>
<tr>
<td>Quiz</td>
<td>10%</td>
<td>A quiz will take place at the beginning of class on February 12, 2020.</td>
</tr>
<tr>
<td>Research Paper</td>
<td>30%</td>
<td>Each student must write exactly one research paper. Students who choose Option A must write on a topic from Unit 1 (due February 26, 2020). Students who choose Option B must write on a topic from Unit III (April 1, 2020). Detailed instructions will be provided on OWL. All papers must be submitted electronically via OWL’s assignment tab. No paper, e-mail submissions or Dropbox submissions etc. will be accepted.</td>
</tr>
<tr>
<td>Final Exam</td>
<td>35%</td>
<td>A 2-hour exam will take place during the final examination period in April, and will likely contain a longer, short and very short answer format. Exam date: to be determined/announced.</td>
</tr>
</tbody>
</table>

Please note: Plagiarism detection software may be used in this course. Students are required to submit their written work in electronic form.

Grading Information and Explanation of Grades:

Each assignment will be accompanied with clear instructions. Students will be evaluated in accordance with how well they follow them.

What follows is a university wide grade explanation:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Score Range</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>90-100</td>
<td>One could scarcely expect better from a student at this level</td>
</tr>
<tr>
<td>A</td>
<td>80-89</td>
<td>Superior work which is clearly above average</td>
</tr>
<tr>
<td>B</td>
<td>70-79</td>
<td>Good work, meeting all requirements, and eminently satisfactory</td>
</tr>
<tr>
<td>C</td>
<td>60-69</td>
<td>Competent work, meeting requirements</td>
</tr>
<tr>
<td>D</td>
<td>50-59</td>
<td>Fair work, minimally acceptable</td>
</tr>
<tr>
<td>F</td>
<td>below 50</td>
<td>Fail</td>
</tr>
</tbody>

**Class Policies**

*Attendance Policy:* Students are responsible to ensure that they sign-in successfully for each session. If they fail to do this, they will be graded as absent. Insisting that one was present but 'forgot' to sign in, left early, or that one's computer wasn't working etc., will not suffice to reverse any recorded absences. Also, no surrogate signing is permitted. Nor is any attempt to conceal future or past absences. Please see OWL for what to do (and what not to) do, if you miss a class.
Exam Attendance Policy: Exam attendance is mandatory. If an emergency prevents you from writing the final exam, please contact your instructor as well as Academic Counselling. A special exam will be administered only if Academic Counselling officially makes this recommendation.

- Please note: non-refundable travel arrangements, summer employment opportunities, sleeping in, misreading the schedule, and the like, are not considered adequate grounds for accommodations.

Electronic Devices Policies:

Entertainment devices: With the exception of laptops, or the equivalent, for the purpose of note-taking, playing with electronic devices (e.g. cell phones) during class is strictly prohibited. Moreover, laptops may not be used while dialogues, videos or guest lectures are in session.

Video or Audio Recording: Some of your classmates are uncomfortable having their faces and/or voices recorded (and there may be related privacy concerns here etc.). For this reason, recording any portion of any of our sessions, whether in video and/or audio form, is strictly prohibited. If you have any questions or concerns regarding a lecture you attended or any other class material, please come to my office during my office hour. I am, of course, happy to help you.

Prerequisites & Plagiarism:

Students are responsible for ensuring that they have successfully completed all course prerequisites. If you do not have the prerequisites for this course, and you do not have written special permission from your Dean to enroll in this course, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

Plagiarism is an academic offense and will be treated as such. Students who are in doubt as to the nature of this offence should consult their instructor, Department Chair, or Dean's Office, as well as the Huron University College Statement on Plagiarism, available at the Reference Desk in the Huron University College Library and at www.huronuc.on.ca/. In addition, students may seek guidance from a variety of current style manuals available at the Reference Desk in the Huron University College Library. Information about these resources can be found at www.huronuc.on.ca/library&computing/styleguides

Appendix to Course Outlines: Academic Policies & Regulations 2019/2020

Prerequisite and Antirequisite Information

Students are responsible for ensuring that they have successfully completed all course prerequisites and that they have not completed any course antirequisites. Unless you have either the requisites for this course or written special permission from your Dean to enrol in it without them, you may be removed from this course and it will be deleted from your record. If you enrol in this course despite having already taken an antirequisite you may be removed from this course and it will be deleted from your record. Removals for these reasons may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites or for having already taken the antirequisites.
Conduct of Students in Classes, Lectures, and Seminars

Membership in the community of Huron University College and Western University implies acceptance by every student of the principle of respect for the rights, responsibilities, dignity and well-being of others and a readiness to support an environment conducive to the intellectual and personal growth of all who study, work and live within it. Upon registration, students assume the responsibilities that such registration entails. The academic and social privileges granted to each student are conditional upon the fulfillment of these responsibilities.

In the classroom, students are expected to behave in a manner that supports the learning environment of others. Students can avoid any unnecessary disruption of the class by arriving in sufficient time to be seated and ready for the start of the class, by remaining silent while the professor is speaking or another student has the floor, and by taking care of personal needs prior to the start of class. If a student is late, or knows that he/she will have to leave class early, be courteous: sit in an aisle seat and enter and leave quietly.

Please see the Code of Student Conduct at: www.huronuc.on.ca/sites/default/files/pdfs/Code%20of%20StudentConduct.pdf.

Technology

It is not appropriate to use technology (such as, but not limited to, laptops, cell phones) in the classroom for non-classroom activities. Such activity is disruptive and is distracting to other students and to the instructor, and can inhibit learning. Students are expected to respect the classroom environment and to refrain from inappropriate use of technology and other electronic devices in class.

Attendance Regulations for Examinations

A student is entitled to be examined in courses in which registration is maintained, subject to the following limitations:

1) A student may be debarred from writing the final examination for failure to maintain satisfactory academic standing throughout the year.

2) Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course will be reported to the Dean of the Faculty offering the course (after due warning has been given). On the recommendation of the Department concerned, and with the permission of the Dean of that Faculty, the student will be debarred from taking the regular examination in the course. The Dean of the Faculty offering the course will communicate that decision to the Dean of the Faculty of registration.

Short Absences: If you miss a class due to a minor illness or other problems, check your course outline for information regarding attendance requirements and make sure you are not missing a test or assignment. Cover any readings and arrange to borrow notes from a classmate. Contact the course instructor if you have any questions.

Extended Absences: If you have an extended absence, you should contact the course instructor and an Academic Advisor. Your course instructor and Academic Advisor can discuss ways for you to catch up on missed work and arrange academic accommodations, if appropriate and warranted.

It is important to note that the Academic Dean may refuse permission to write the final examination in a course if the student has failed to maintain satisfactory academic standing throughout the year or for too frequent absence from the class or laboratory.

Please see the policy on Attendance Regulations for Examinations here: https://www.uwo.ca/univsec/pdf/academic_policies/exam/attendance.pdf.

Class Cancellations

In the event of a cancellation of class, every effort will be made to post all relevant information on the OWL class site at: https://owl.uwo.ca/portal, and on the Huron website at www.huronuc.on.ca/about/accessibility.

Academic Student Support Services
For advice on course selections, degree requirements, and for assistance with requests for medical accom-
modation, students should email an Academic Advisor in Huron’s Student Support Services at
huronsss@uwo.ca. An outline of the range of services offered is found on the Huron website at:

Department Chairs and Program Directors and Coordinators are also able to answer questions about their
individual programs. Their contact information can be found on the Huron website at: www.huronuc.ca/
student-life-campus/art-social-science and at

Adding / Dropping Courses

If you think that you are too far behind to catch up or that your work load is not manageable, you should
consult your Academic Advisor. If you consider reducing your workload by dropping one or more courses,
this must be done by the appropriate deadlines. Please refer to the Huron website, huronuc.ca/student-life-
campus/student-services/academic-advising or review the list of official Sessional Dates on the Academic

You should consult with the course instructor and the Academic Advisor who can help you consider alter-
natives to dropping one or more courses. Note that dropping a course may affect OSAP and/or Scholarship/
Bursary eligibility.

Mental Health & Wellness Support at Huron and at Western

Students who are stressed, emotionally distressed or in mental health crisis please refer to: huronuc.ca/stu-
dent-life-campus/student-services/health-wellness for a complete list of options about how to obtain help,
or email Huronwellness@huron.uwo.ca to access your wellness staff directly.
Additional supports for Health and Wellness may be found and accessed at Western through www.uwo.ca/
uwocom/mentalhealth/.

Huron is committed to providing a safe, welcoming campus for students, staff and faculty by providing
confidential assistance to those who have personal safety concerns. Providing a safe and welcoming cam-
pus for students, staff and faculty is one of Huron’s top priorities.

The Student Emergency Response Team (SERT) provides medical response to 9-1-1 calls on Main, Brescia
and Huron campuses which operates 24 hours a day, 7 days a week during the academic year. SERT is
dispatched through the campus community Police Service (CCPS) to any medical emergency on campus at
(519) 661-3300. For more information about SERT please visit: sert.uwo.ca/about-sert/about-sert/.

Statement on Academic Integrity

The International Centre for Academic Integrity defines academic integrity as "a commitment, even in the
face of adversity, to five fundamental values: honesty, trust, fairness, respect, and responsibility. From these
values flow principles of behaviour that enable academic communities to translate ideals to action." (CAI
Fundamental Values Project, 1999).
A lack of academic integrity is indicated by such behaviours as the following:
• Cheating on tests;
• Fraudulent submissions online;
• Plagiarism in papers submitted (including failure to cite and piecing togeth-
er unattributed sources);
• Unauthorized resubmission of course work to a different course;
• Helping someone else cheat;
• Unauthorized collaboration;
• Fabrication of results or sources;
• Purchasing work and representing it as one’s own.

Academic Integrity: Importance and Impact

Being at university means engaging with a variety of communities in the pursuit and sharing of knowledge
and understanding in ways that are clear, respectful, efficient, and productive. University communities
have established norms of academic integrity to ensure responsible, honest, and ethical behavior in the aca-
demic work of the university, which is best done when sources of ideas are properly and fully acknowl-
edged and when responsibility for ideas is fully and accurately represented.
In the academic sphere, unacknowledged use of another’s work or ideas is not only an offence against the community of scholars and an obstacle to academic productivity. It may also be understood as fraud and may constitute an infringement of legal copyright.

A university is a place for fulfilling one's potential and challenging oneself, and this means rising to challenges rather than finding ways around them. The achievements in an individual’s university studies can only be fairly evaluated quantitatively through true and honest representation of the actual learning done by the student. Equity in assessment for all students is ensured through fair representation of the efforts by each.

Acting with integrity at university constitutes a good set of practices for maintaining integrity in later life. Offences against academic integrity are therefore taken very seriously as part of the university’s work in preparing students to serve, lead, and innovate in the world at large.

A university degree is a significant investment of an individual’s, and the public’s, time, energies, and resources in the future, and habits of academic integrity protect that investment by preserving the university’s reputation and ensuring public confidence in higher education.

Students found guilty of plagiarism will suffer consequences ranging from a grade reduction to failure in the course to expulsion from the university. In addition, a formal letter documenting the offence will be filed in the Dean’s Office, and this record of the offence will be retained in the Dean’s Office for the duration of the student’s academic career at Huron University College.

**Statement on Academic Offences**

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, as per the Academic Calendar: [http://www.western-calendar.uwo.ca/PolicyPages.cfm?PolicyCategoryID=1&Command=showCategory&SelectedCalendar=Live&ArchiveID=#SubHeading_189](http://www.western-calendar.uwo.ca/PolicyPages.cfm?PolicyCategoryID=1&Command=showCategory&SelectedCalendar=Live&ArchiveID=#SubHeading_189).

**Turnitin.com**

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for a detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between Western University and Turnitin.com.

**Computer-Marked Tests/exams**

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating.

**Clickers**

Personal Response Systems (“clickers”) may be used in some classes. If clickers are to be used in a class, it is the responsibility of the student to ensure that the device is activated and functional. Students must see their instructor if they have any concerns about whether the clicker is malfunctioning. Students must use only their own clicker. If clicker records are used to compute a portion of the course grade:

- the use of somebody else’s clicker in class constitutes a scholastic offence
- the possession of a clicker belonging to another student will be interpreted as an attempt to commit a scholastic offence.

**Policy on “Special” Accommodation**

Students who require special accommodation for tests and/or other course components must make the appropriate arrangements with the Student Development Centre (SDC). Further details concerning policies and procedures may be found at: [http://www.sdc.uwo.ca/ssd/index.html](http://www.sdc.uwo.ca/ssd/index.html).
Policy on “Academic” Accommodation - Medical / Non-Medical Grounds

Students who require academic accommodation for tests and/or other course components must make the appropriate arrangements with the Student Development Centre (SDC). Further details concerning policies and procedures may be found at: http://www.sdc.uwo.ca/ssd/index.html.

(a) Medical Grounds for assignments worth 10% or more of final grade: Go directly to Huron Support Services/ Academic Advising, or email huronsss@uwo.ca.

University Senate policy, which can be found at, https://www.uwo.ca/univsec/pdf/academic_policies/ap-peals/accommodation_medical.pdf, requires that all student requests for accommodation on medical grounds for assignments worth 10% or more of the final grade be made directly to the academic advising office of the home faculty (for Huron students, the “home faculty” is Huron), with supporting documentation in the form (minimally) of the Senate-approved Student Medical Certificate found at: https://www.u-wo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf.

The documentation is submitted in confidence and will not be shown to instructors. The advisors will contact the instructor when the medical documentation is received, and will outline the severity and duration of the medical challenge as expressed on the Student Medical Certificate and in any other supporting documentation. The student will be informed that the instructor has been notified of the presence of medical documentation, and will be instructed to work as quickly as possible with the instructor on an agreement for accommodation.

The instructor will not normally deny accommodation where appropriate medical documentation is in place and where the duration it describes aligns with the due date(s) of assignment(s). Before denying a request for accommodation on medical grounds, the instructor will consult with the Dean. The instructor’s decision is appealable to the Dean.

(b) Accommodation on Medical Grounds for assignments worth less than 10% of final grade: Consult Instructor Directly

When seeking accommodation on medical grounds for assignments worth less than 10% of the final course grade, the student should contact the instructor directly. The student need only share broad outlines of the medical situation. The instructor may require the student to submit documentation to the academic advisors, in which case she or he will advise the student and inform the academic advisors to expect documentation. The instructor may not collect medical documentation. The advisors will contact the instructor when the medical documentation is received, and will outline the severity and duration of the medical challenge as expressed on the Student Medical Certificate and in any other supporting documentation. The student will be informed that the instructor has been notified of the presence of medical documentation, and will be instructed to work as quickly as possible with the instructor on an agreement for accommodation.

The instructor will not normally deny accommodation where appropriate medical documentation is in place and where the duration it describes aligns with the due date(s) of assignment(s). Before denying a request for accommodation on medical grounds, the instructor will consult with the Dean. The instructor’s decision is appealable to the Dean.

(c) Non-Medical Grounds: Consult your Instructor directly.

Where the grounds for seeking accommodation are not medical, the student should contact the instructor directly. Late penalties may apply at the discretion of the instructor. Apart from the exception noted below, academic advisors will not be involved in the process of accommodation for non-medical reasons.

Where a student seeks accommodation on non-medical grounds where confidentiality is a concern, the student should approach an academic advisor with any documentation available. The advisors will contact the instructor after the student’s request is received, and will outline the severity and duration of the challenge without breaching confidence. The student will be informed that the instructor has been notified that significant circumstances are affecting or have affected the student’s ability to complete work, and the student will be instructed to work as quickly as possible with the instructor on an agreement for accommodation. Before denying a request for accommodation where documentation has been submitted to an academic advisor, the instructor will consult with the Dean. The instructor’s decision is appealable to the Dean.
Requests for Academic Consideration Using the Self-Reported Absence Form

The full Policy on Academic Consideration for student Absences – Undergraduate Students in First Entry Programs is available at: [https://www.uwo.ca/univsec/pdf/academic_policies/appeals/Academic_Consideration_for_absences.pdf](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/Academic_Consideration_for_absences.pdf).

Students who experience an unexpected illness or injury or an extenuating circumstance (48 hours or less) that is sufficiently severe to temporarily render them unable to meet academic requirements (e.g., attending lectures or labs, writing tests or midterm exams, completing and submitting assignments, participating in presentations) should self-declare using the online Self-Reported Absence portal. This option should be used in situations where the student expects to resume academic responsibilities within 48 hours or less.

The following conditions are in place for self-reporting of medical or extenuating circumstances:

- **a.** students will be allowed a **maximum of two self-reported absences** between September and April and one self-reported absence between May and August;

- **b.** any absences in excess of the number designated in clause a above, regardless of duration, will require students to present a **Student Medical Certificate (SMC)**, signed by a licensed medical or mental health practitioner, detailing the duration and severity of illness, or appropriate documentation supporting extenuating circumstances to the Academic Counselling unit in their Faculty of registration no later than two business days after the date specified for resuming responsibilities. Please see section 4 below for more details.

- **c.** The duration of the excused absence will be for a maximum of 48 hours from the time the Self-Reported Absence form is completed through the online portal, or from 8:30 am the following morning if the form is submitted after 4:30 pm;

- **d.** The duration of the excused absence will terminate prior to the end of the 48 hour period should the student undertake significant academic responsibilities (write a test, submit a paper) during that time;

- **e.** The duration of an excused absence will terminate at 8:30 am on the day following the last day of classes each semester regardless of how many days of absence have elapsed;

- **f.** Self-reported absences will not be allowed for scheduled final examinations; for midterm examinations scheduled during the December examination period; or for final lab examinations scheduled during the final week of term;

- **g.** Self-reporting may not be used for assessments (e.g. midterm exams, tests, reports, presentations, or essays) worth more than 30% of any given course.

- **h.** students must be in touch with their instructors **no later than 24 hours after the end of the period covered by the Self-Reported Absence form**, to clarify how they will be expected to fulfill the academic expectations they may have missed during the absence.

**Important Dates and Directory at Huron and Western**

For a current and up-to-date list of important dates and campus directories, please visit:
