Policy:	<b>INTEGRATED ACCESSIBILITY STANDARDS REGULATION – CUSTOMER SERVICE POLICY</b>
Issue Date:	November 26, 2009
Reviewed:	November 24, 2014, July 2019
Next Review Date:	July 2020
Approved By:	Vice President, Finance and Administration

## **POLICY STATEMENT AND ORGANIZATIONAL COMMITMENT**

Huron University College ('Huron') is committed to working towards being compliant with all the standards in the *Accessibility for Ontarians with Disabilities Act, 2005* ('AODA'). Huron recognizes the importance of developing, implementing and enforcing standards in a timely manner in order to achieve accessibility for Ontarians with a disability. Huron is committed to the principles of independence, dignity, integration and equality of opportunity described in the AODA and to meeting the needs of people with disabilities through the implementation of this policy. Huron is committed to excellence in serving our community, including persons with disabilities. When providing information to, or communication with a person with a disability, we will provide information and communication in a manner that takes into account the person's disability.

## **PURPOSE**

All goods and services provided by Huron will follow the principles of dignity, independence, integration, and equal opportunity. This policy meets the requirements of the Customer Service standards included in the *Integrated Accessibility Standards Regulation* ('IASR') under the AODA. It applies to the provision of goods and services to the public or other third parties, not to the goods themselves.

Please note that government nomenclature includes terminology such as "customer" and "goods," as is evident in the wording of their legislation. Consistent with the culture of an educational institution, Huron interprets these terms as follows: a) "customer": an all-encompassing term referring to anyone with whom we have contact (i.e., students, parents, faculty, staff, visitors, contractors, each other, etc.); and b) "goods": any type of provision from education to food services.

## **SCOPE AND RESPONSIBILITIES**

This policy has been written in accordance with the IASR and AODA and addresses how Huron achieves accessibility through meeting the IASR's requirements. It provides the overall direction that we will follow to provide accessibility supports to Ontarians with disabilities.

This policy applies to staff, faculty, students, volunteers, applicants for employment, contractors engaged by Huron, and any individuals, who work, study, live or visit the Huron campus.

## **DEFINITIONS**

Assistive device: A technical aid, communication device, or other instrument that is used to maintain or improve the functional abilities of people with disabilities. Personal assistive devices are typically devices that customers bring with them, such as a wheelchair, walker, or a personal oxygen tank, and that might assist in hearing, seeing, communicating, moving, breathing, remembering, or reading.

Disability: As defined by the AODA and the *Ontario Human Rights Code* ('OHRC'), disability refers to:

- Any degree of physical disability, infirmity, malformation, or disfigurement that is caused by bodily injury, birth defect, or illness and, without limiting the generality of the foregoing, includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical co-ordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device;
- A condition of mental impairment or a developmental disability;
- A learning disability, or dysfunction in one or more of the processes involved in understanding or using symbols or spoken language;
- A mental disorder; or
- An injury or disability for which benefits were claimed or received under the insurance plan established under the *Workplace Safety and Insurance Act, 1997*.

Guide dog: A highly trained working dog that has been trained at one of the facilities listed in Ontario Regulation 58 under the *Blind Persons' Rights Act*, to provide mobility, safety, and increased independence for people who are blind.

Service animal: A service animal for a person with a disability:

- The animal can be readily identified as one that is being used by the person for reasons relating to the person's disability, as a result of visual indicators such as the vest or harness worn by the animal; or
- The person provides documentation from a member of one of the following regulated health professional colleges confirming that the person requires the animal for reasons relating to the disability:
  - College of Audiologists and Speech-Language Pathologists of Ontario;
  - College of Chiropractors of Ontario;
  - College of Nurses of Ontario;
  - College of Occupational Therapists of Ontario;
  - College of Optometrists of Ontario;
  - College of Physicians and Surgeons of Ontario;
  - College of Physiotherapists of Ontario;
  - College of Psychologists of Ontario; or
  - College of Registered Psychotherapists and Registered Mental Health Therapists of Ontario.

Support person: In relation to a person with a disability, another person who accompanies them in order to help with communication, mobility, personal care, medical needs, or access to goods and services.

## **GUIDELINES**

### **1. The Provision of Goods and Services to Persons with Disabilities**

Huron will make every reasonable effort to ensure that our policies, practices, and procedures are consistent with the principles of dignity, independence, integration, and equal opportunity by:

- Ensuring that all customers receive the same value and quality;
- Allowing customers with disabilities to do things in their own way, at their own pace when accessing goods and services, as long as this does not present a health and safety risk;

- Using alternative methods when possible to ensure that customers with disabilities have access to the same services, in the same place and in a similar manner;
- Taking into account individual accommodation needs when providing goods and services; and
- Communicating in a manner that takes into account the customer's disability.

## **2. The Use of Assistive Devices**

### a. Customer's Own Assistive Devices

Persons with disabilities may use their own assistive devices as required when accessing goods or services provided at Huron. In cases where the assistive device presents a health and safety concern, or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services, up to the point of undue hardship.

Alternatively, where elevators are not present and where a customer requires assistive devices for the purposes of mobility, service will be provided in a location that meets the needs of the customer.

### b. Guide Dogs and Service Animals

A customer with a disability who is accompanied by a guide dog or service animal will be allowed access to premises that are open to the public unless otherwise excluded by law. "No pet" policies do not apply to guide dogs or service animals. Staff or Faculty may respectfully ask if an animal is a service animal and will not ask the nature of the person's disability or purpose of the animal.

#### *Food Service Areas*

A customer with a disability who is accompanied by guide dog or service animal will be allowed access to food service areas that are open to the public unless otherwise excluded by law. Other types of service animals are only permitted into areas where food is served, sold, or offered for sale due to the *Health Protection and Promotion Act*, Ontario Regulation 493/17.

If a customer's guide dog or service animal is excluded by law, Huron will offer alternative methods to enable the person with a disability to access goods and services, when possible. For example, Huron may accommodate a customer's disability by securing the animal in a safe location and offering the assistance of an employee to facilitate the delivery of goods and services.

#### *Recognizing a Guide Dog or Service Animal*

If it is not readily apparent that the animal is being used by the customer for reasons relating to their disability, Huron may request verification from the customer.

#### *Care and Control of the Animal*

The customer who is accompanied by a guide dog or service animal is responsible for maintaining care and control of the animal at all times.

#### *Allergies and Other Health and Safety Concerns*

If a health and safety concern presents itself, for example, in the form of a severe allergy to the animal, Huron will make all reasonable efforts to meet the needs of all individuals. Pursuant to our obligations under the *Ontario Human Rights Code* and the *Occupational Health and Safety Act*, each customer's accommodation needs will be considered on a case-by-case basis, up to the point of undue hardship.

Due diligence needs to be paid to address health and safety requirements. For example, if a person's health and safety could be seriously affected by the presence of a service animal on the premises open to the public, Huron must fully analyze all options for safely accommodating the service animal. Options could include creating distance between the two individuals to eliminate in-person contact, changing the time the two individuals receive service, or using air purifiers and other measures that could allow the person to use their service animal on the premises.

In very exceptional circumstances where a service animal becomes out of control, causing a clear disruption or a threat to the health and safety of others, and the animal's behaviour is not corrected by the owner, a person with a disability can be asked to remove their service animal from the premises.

As a courtesy, particularly if the person and service animal have been in attendance on the premises for a long time, staff or faculty may ask whether the animal requires water, may designate an area in which the service animal can relieve itself, or ask whether the staff can be of assistance pertaining to the service animal.

### c. The Use of Support Persons

If a customer with a disability is accompanied by a support person, Huron will ensure that both persons may enter the premises together and that the customer is not prevented from having access to the support person. There may be times where seating and availability prevent the customer and support person from sitting beside each other. In these situations, Huron will make every reasonable attempt to resolve the issue. In situations where confidential information might be discussed, consent will be obtained from the customer before any potentially confidential information is mentioned.

#### *Admission Fees*

Where a support person is required to accompany a person with a disability, and where the person with a disability has agreed to the accompaniment, Huron will not charge the support person any fees or fares.

### **3. Notice of Disruptions in Service**

Service disruptions may occur for reasons that may or may not be within the control or knowledge of Huron. In the event of any temporary disruptions to facilities or services that customers with disabilities rely on to access or use goods or services, reasonable efforts will be made to provide advance notice. In some circumstances, such as in the situation of unplanned temporary disruptions, advance notice may not be possible.

If a notification needs to be posted, the following information will be included unless it is not readily available or known:

- Goods or services that are disrupted or unavailable;
- Reason for the disruption;
- Anticipated duration; and
- A description of alternative services or options.

### a. Notification Options

When disruptions occur, Huron will provide notice by:

- Posting notices in conspicuous places, including at the point of disruption, at the main entrance, and the nearest accessible entrance to the service disruption, or on Huron's website.
- Where reasonable, contacting customers with appointments;
- Verbally notifying customers when they make an appointment; or
- By any other method that may be reasonable under the circumstances.

#### **4. Customer Feedback**

Huron shall provide customers with the opportunity to provide feedback on the service provided to customers with disabilities. Information about the feedback process will be readily available to all customers. Feedback forms, along with alternate methods of providing feedback verbally (in person or by telephone) or written (handwritten, delivered, website, or e-mail), will be available upon request.

##### **a. Submitting Feedback**

Customers can submit feedback to:

Deborah Lucas, Vice President, Finance and Administration  
 1349 Western Road, London, ON, N6G 1H3  
 519-438-7224 ext: 245  
[dlucas4@huron.uwo.ca](mailto:dlucas4@huron.uwo.ca)

Customers who provide formal feedback will receive acknowledgement of their feedback, along with any resulting actions based on concerns or complaints that were submitted.

#### **5. Training**

Training will be provided to:

- Every employee or volunteer with Huron;
- Every person who participates in developing the policies of Huron; and
- Every other person who provides goods, services, or facilities on behalf of Huron.

##### **a. Training Provisions**

Regardless of the format, training will cover the following:

- A review of the purpose of the *Accessibility for Ontarians with Disabilities Act, 2005*;
- A review of the requirements of the customer service standards;
- Instructions on how to interact and communicate with people with various types of disabilities;
- Instructions on how to interact with people with disabilities who:
  - Use assistive devices;
  - Require the assistance of a guide dog or other service animal; or
  - Require the use of a support person (including the handling of admission fees);
- Instructions on what to do if a person with a disability is having difficulty accessing our services; and
- Policies, procedures, and practices of the company pertaining to providing accessible customer service to customers with disabilities.

b. Training Schedule

Huron will provide training as soon as practicable. Training will be provided to new employees, volunteers, agents, and contractors during orientation. Revised training will be provided in the event of changes to legislation, procedures, policies, or practices.

c. Record of Training

Huron will keep a record of training that includes the dates training was provided and the number of employees who attended the training.

**6. Notice of Availability and Format of Documents to Customers**

Huron shall notify customers that the documents related to the customer service standards are available upon request and in a format that takes into account the customer's disability. Notification will be given by posting the information in a conspicuous place owned and operated by Huron, the website of Huron, and any other reasonable method.

**7. Evaluation**

This policy and its related procedures will be reviewed as required in the event of legislative changes or changes to company procedures.
