

AT HOME OR WITHIN THE *heart* OF OUR CAMPUS, WE ARE HERE FOR YOU.

When you applied to Huron, we committed to providing a university experience unlike any other. Regardless of where we find ourselves in the coming months, we will maintain that commitment and provide you with the individualized holistic supports that simply aren't offered anywhere else.

WHAT DOES THE HURON DIFFERENCE LOOK LIKE?

A community that cares about you – day or night – regardless of whether you're across the street or the country.

During our virtual Summer Academic Orientation Registration (SOAR) sessions, we're going to learn all about you – and your personal goals – so we can nurture your unique potential.

More than that, you'll get to know us, as our current students, faculty and staff all take part in this exciting orientation event.

After you've chatted with your future Huron family, you'll start to shape what your Huron academic experience will look like. Together, with your personal Academic Advisor, you will pick your first-year class schedule. They will ensure you fulfill any and all requirements to pursue your chosen program and passions.

NEAR OR FAR, HURON IS ADAPTING TO SERVE YOU BETTER.

We are expanding our student service hours to ensure our **Leaders with Heart**, from around-the-world, get to speak to our staff members – face to face.

During these online conversations, you will get to know the people who are personally invested in your short- and long-term success.

That includes your very own:

- Academic Advisor who will help you choose, change and register for your courses
- Career Coordinator who can keep you up-to-date about all the opportunities we offer to build your most impressive portfolio possible
- Student Engagement staff member who is going to tell you about the events, activities and connections you can take advantage of – before you ever even step foot on campus (and, of course, whenever you arrive!)
- Mentorship Lead who is actively working to connect you with senior Huron students and our wildly impressive alumni who are eager to support your career via networking and internship opportunities

DR. GEOFF READ

Provost & Dean of the Faculty of Arts and Social Science

DR. BARRY CRAIG

President of Huron

SINCE 1863, HURON HAS CULTIVATED A GLOBAL COMMUNITY – WITH CARE FOR ONE ANOTHER AT THE VERY HEART OF IT. JUST BECAUSE THE WORLD IS CHANGING, DOESN'T MEAN THAT HAS TO.

ARE YOU ONE OF OUR INTERNATIONAL LEADERS WITH HEART?

We have special orientation activities planned just for you! Our International Student Engagement team will introduce you to your academic support system and Student Leaders who are going to fundamentally shape your in-class and on-campus experiences.

We think Huron is the absolute best choice for a prestigious, character-based education. But, you don't have to take it from us.

Instead, we will pair you with an upper-year student who will tell you all about the ins and outs of our institution. Your personal mentor is excited to help ease your transition into our inclusive, safe and vibrant community.

In addition to this newfound friend, we're going to make it as easy as possible for you to meet as many of your future classmates, professors and support people as we can. Keep your eye on your email for invitations to Huron Meet and Greet, Game Nights and Wholesome Happy Hours where we will put our academic hats aside, have a ton of fun and ensure, together, we can conquer any stress you may be coping with.

Around the corner or around the globe, you're going to feel at home at Huron.

Our Residence Life staff is going to take you on virtual tours of our residence buildings – including showcasing the awesome lounge areas (PlayStation and ping pong anyone?) and your new potential pad.

Meet your future floor mates and the Residence Dons who will be on call 24/7 to promote your sense of belonging and security. Take part in fun, high-energy virtual events that reflect our dedication to an all-encompassing support system and Canada's best residence experience.

Academically, mentally or emotionally, we promise you are never going to get left behind.

Our Wellness House now resides both off- and online. That means, if you're ever feeling overwhelmed – or just not quite yourself – you will have seamless access to an emotional, mindfulness and spiritual support team.

These friendly (and highly knowledgeable) faces will always align with your wishes for confidentiality, while promoting your best-possible health and wellness outcomes in safe and sustainable ways.

We expect a lot from our students – within and beyond the classroom. But, we never expect you to go it alone.

Huron's Library & Learning Services team will meet you wherever your learning takes you this fall, be it on campus or online. We'll help connect you to the rich learning materials and one-on-one research, writing and communications support you'll need to thrive academically both in person and online. Visit us today! huronatwestern.ca/library

You deserve a superior education that develops you into the type of leader who will thrive, regardless of the challenges you're called to face.

No matter where this message finds you, we're going to deliver on the unique living and learning experiences that encourage our students to be Leaders with Heart.
